The perfect ride. Imagine blasting off to parts unknown on the R 1150 GS. Or eating up turns on an R 1150 RT. Or rocketing across country on the K 1200 RS. However the road calls you, there's nothing like experiencing it from the saddle of a BMW motorcycle. And to make riding the perfect machine even sweeter, we've got everything here to jazz it up, kit it out and make it uniquely yours.

The road is calling.

ADVENTURE
ACCESSORIES

R 1200 GS

After 25 years at the top, the dedicated engineers at BMW Motorrad have again accepted the challenge to build the best touring Enduro motorcycle in the world: the BMW R 1200 GS. It follows the legendary tradition of the GS line by being the ultimate motorcycle on and off the road, while at the same time ushering in an entirely new era of dynamic performance. From its' precisely controllable off-road power to its striking asphalt agility, this motorcycle accepts no limits. Outfit it with genuine BMW Motorrad Accessories and the R 1200 GS becomes the ideal travel partner for your next adventure.

The totally new GS gets a totally new luggage system that delivers on the BMW promise of durable functionality and good looks. BMW Vario Panniers (saddlebags) feature an ingenious new capacity-expanding mechanism. The pannier mounting system is also revised and blends with the motorcycles lines when the bags are not in use. The left side case can vary from 28.5 to 37.5-liters while the right side case goes from 37 to 46 liters in capacity. This allows flexibility when packing for long rides or for the daily commute through traffic. In the contracted position, the bags offer a narrower profile than R 1150 GS 'System' Cases while still offering more storage space. And when expanded, they have a larger capacity then even the R 1150 GS 'Adventure' aluminum box panniers! At the heart of the new bags' versatility is a mechanism with an interior 'U' shaped handle pivoting on the left and right sides of the case. Simply flip the handle from the top to bottom position to convert the bag from small to large capacity. The process is simple, smooth and solid. The panniers are suitable for off-road use and have a strong visual appeal. With aluminum side panels that add stiffness, durability and the enduro style BMW is famous for, they complete the GS package like no after-market bag can.

1] Vario Top Case

BMW Vario Top Case utilizes the same expanding system as the panniers and can be quickly converted from 37 to 46 liters with one motion of the interior lever. A backrest is available for passenger comfort and two options are available for mounting. The top case may be mounted on the rear rack with the standard bracket available below. Alternatively, the case may be mounted in place of the passenger seat for better vehicle weight distribution when riding solo. A mounting kit for this 'forward' installation is required and the rear rack must be removed.

Right	71 60 7 670 828

2

3] Tank Bag

The R 1200 GS Tank Bag is an indispensable road tool with a host of well-thought-out features. Styled in black with silver accents, the tank bag complements the colors of the R 1200 GS and echoes the design of the fuel tank with its aluminum panel accents.

The design is optimally adapted to the ergonomic requirements of the new GS. Its smooth aerodynamic shape stays out of the rider's way, yet boasts many high tech features to improve the riding experience. Main compartment capacity is a generous – 22 liters / 11 pounds. Rain-covers are no longer necessary as the tank bag interior is fully lined in a water resistant material with taped seams and includes a drawstring closure that can be snapped to the top of the inner lid for uncompromising weather protection. The outer fabric is a washable rugged synthetic with a Teflon® coating that helps maintain its good looks for years to come.

A large map case is built into the lid, constructed of a durable TPU (Thermoplastic Polyurethane) film that resists wear, tear and the effects of UV radiation far better than conventional clear film material. Even the map case closure is special; using an extremely water resistant roll up system developed by famed outdoors specialists Ortlieb. A supplied belt pack buckles to the rear of the bag. Its strap may be used as a shoulder strap for the entire bag. The bag also has a short carry handle sewn on. A semi-flexible polyethylene base plate is built into the bottom of the bag, formed to match the tanks' contours. Silicone-coated foam 'contact pads' ensure non-slip, scratch-free tank top mounting. Installation is via a front hook and rear zipper/hook & loop combination; a simple, secure method that also allows quick removal of the bag.

Capacity, convenience and the security of a custom fit. This is the BMW Motorrad Tank Bag!

4] Inner Bag for Side Case

Vario Inner Bags for the new luggage system expand as needed. They are ruggedly constructed with water resistant liners built in. Handsome in black and silver and sporting the BMW Motorrad logo with the R 1200 GS logotype. Styled to complement the colors of the R 1200 GS while echoing the design of the panniers with 'aluminized' panels. Moldings at the corners add durability. Bag volume may be adjusted via a zipper to match the volume settings of the panniers/top-case. A large compartment in the lid is accessible via an all around zipper. A smaller zipped pouch is included for essentials. The Inner Bag sports an inner liner with taped seams and water-resistant zippers; a high level of over-all weather resistance is thus assured.

Inner Bag for Left Side	71 60 7 687 610
Inner Bag for Right Side and Top Case	71 60 7 687 611

5] Riders' Low and High Seats

BMW Motorrad low and high seats in Gray or Black for the R 1200 GS. The standard seat is height-adjustable from 33"/840mm to 33.8"/860mm. The low seat has you seated just 32.3"/820mm above the pavement. And the high seat is adjustable from 34.6"/880mm to 35.4"/900mm. With these options, seat height range is adjustable from 32.3" all the way to up to 35.4". One is a perfect fit for you and your GS!

Riders Low 820mm Seat

6

BMW offers three great engine protection accessories expressly for the R 1200 GS. For off road use, steel engine guard bars protect the motorcycle during tip-overs with impact absorbing deformable sections that can be individually replaced. Primarily for street use, cylinder head protectors of high-density fiber reinforced plastic slide easily on pavement if pressed into service. Aluminum valve cover protectors perfectly complement the engine guard bars or can be installed alone. It's easy to personalize, and protect, your GS with genuine BMW accessories.

6] Engine Protection Bars Kit

- Supplement to standard bash plate
- Protects engine cylinders from damage
- Does not compromise cornering lean angle (foot-pegs touch first)
- Enhances enduro styling, looks great!
- May be installed together with aluminum valve cover guards 71 60 7 658 636.

71 60 7 677 270

7

7] Aluminum Cylinder Head Protection Cover

- Durable aluminum construction takes on-road or off-road abuse
- Designed to work with engine guard bars, above.

71 60 7 658 636

8

8] Cylinder Head Protection Kit

Glass-fiber reinforced high density plastic help protect cylinder heads from damage. *NOTE: may not be installed with engine guard bars 71 60 7 677 270*

R 1150 GS / R 1150 GS ADVENTURE

Let others follow the dotted line. You've got a bike that'll do virtually anything you want it to and keep coming back for more. Customize your riding adventures with cases, bags, hand protectors and other items designed specifically for the R 1150 GS. As for the Adventure, it can be accessorized with everything from oversized top and side cases to engine guards for extra protection from whatever the ride throws at you.

1] BMW System Cases

Water and dust-resistant BMW System Cases open fully for easy packing or storing of your gear. Inner elastic holding straps help secure the gear in place. Cases are asymmetric: The narrower left case holds 25 liters; the right holds 31 liters.

Left 46 54 2 317 623
Right 46 54 7 660 300

System case mount required 71 60 2 316 727

Lock cylinders and side reflectors not included with BMW System or City Cases.

BMW Badge (one per case) 46 54 2 300 045
Reflector (one per case) 46 54 2 300 047

There are standard and replacement locks available. Please see your local BMW Motorrad USA Retailer for more information.

1

2] BMW System Case Extra Large Lids

Increase your storage and carrying capacity with the BMW System Case Extra Large Lid. Same construction as the standard lid, with an additional storage capacity of six liters (.21cf.) per lid. Rugged bumper protection strip on the outside. Ideal for long trips. Installs in minutes; all hardware included. (Required reflectors available separately – listed under Item No. 1.)

3

3] Tank Bag

Adds additional storage or carrying capacity. Comes with a rain cover, a clear map holder window and a rear zipper-lock pouch. All necessary hardware and parts for installation are included. Color: Black.

71 60 7 653 287

4] 20- to 31-Liter Expandable Side Cases

Expandable cases for the F 650 and GS – as uniquely designed as the motorcycles themselves. Special locking mechanism doubles as a carrying handle. Press the attaching button for a quick disconnect. Special flip-up latch gives quick access to your gear. Expandable cases from 20lt./.70cf. to 31lt./1.10cf. are easily adjustable via internal latches. Outside aluminum shell gives the case a modern but rugged appearance. Requires specially designed mounting kit (listed below) and locks. Red side reflectors sold separately.

Left Case	71 60 7 661 765
Right Case	71 60 7 661 766
Side Cases Mounting Kit	71 60 7 653 830
Side Reflector Base	71 60 7 661 005
Side Reflector (Red)	63 14 1 459 995

There are standard and replacement locks available. Please see your local BMW Motorrad USA Retailer for more information.

5

5] Water Resistant Expandable Inner Bag

Specially designed for Expandable Side Cases (item #4), this inner bag fits into either the left or right case. Bag is black with gray panels and yellow piping. Sold individually.

71 60 7 653 339

6

6] Expandable Soft Luggage

Rugged, functional Soft Case System for F 650 GS and Dakar. Attaches to motorcycle via zipper/buckle system and offers up to 62 liters of storage. Water resistant with built-in pack straps and attachment loops. Each piece sold individually. Seat mounted bag requires frame strap for installation.

Bag (Rack-Mounted) 2003 Model year and earlier	72 60 7 671 316
Bag (Rack-Mounted) 2005 Model year and later	71 60 7 687 613
Bag (Seat-Mounted) All	72 60 7 671 319
Mounting Strap	72 60 7 671 322

7] Engine Guard
Strong, sturdy construction offers protection against damage to the engine.

71 60 7 653 858

8] Center Stand for Dakar Model – 2003 Model year and earlier
Optional for the Dakar model only. Allows for easy engine access during servicing. Excellent for long term storage.

Dakar model only 90 88 6 001 610

9] On-Board Computer
Features: Current speed, time clock, average speed, maximum speed, stopwatch, distance, total distance and background illumination. Kit includes all parts for installation. Battery operated.

2005 Model year 71 60 7 688 380
2003 Model year and earlier 71 60 7 659 143

10] Tall Windshield
Taller, clear screen improves wind protection for increased comfort.

F 650 GS/GSD 2003 Model year and earlier 71 60 7 653 847

11] Tall Windshield/Spoiler for 2005 Model Year
New aggressive design for 2005. The screen is available in two versions; as a (see-through) 'windshield' or as a blacked-out 'spoiler'. Both offer excellent wind protection while enhancing the unique styling of the F 650 GS. The windshield is not pictured but shares the same form as the spoiler pictured.

ESSENTIALS

Power, performance and state of the art engineering make riding your BMW motorcycle a truly thrilling experience. It is no secret that owners love to hit the open road. It is for this reason that we provide a variety of safety and maintenance equipment designed to keep you and your BMW motorcycle up and running. Keeping these essentials on hand helps keep you prepared.

1

2

3

1] Tire Repair Kit
For emergency repairs. Stores easily in tool compartment, tank bag or side case. Highly recommended for long rides.

Tubeless Tire Repair Kit	71 11 2 332 083
63-Gram CO2 Cartridge	71 11 2 300 236

2] Heavy-Duty Tire Pressure Gauge
Portable and shock-resistant gauge, encased in a rubber housing, with easy-to-read numbers. Features a release button that holds the pressure reading until you finish checking it. Comes with a handy storage pouch.
82 12 0 140 377

3] BMW Tire Pump
Handy, compact, manually operated pump fits in most BMW cases. Easy to operate.

71 11 1 234 860

4] U-Lock
Made from high-tensile steel for maximum protection against bolt cutters, or being pulled or twisted off or drilled open. Tensile strength factor up to eight tons. Special holder allows lock to be stored compactly in BMW cases.

71 60 2 340 153

4

ESSENTIALS

5

5] Tie-Down Straps
Very durable design can withstand severe loads – for attaching additional equipment safely to your motorcycle. The roller buckle enables the straps to be adjusted quickly.

72 60 2 304 808

6] Elastic Luggage Straps
Sturdy, nylon-covered permanently elastic rubber is specially designed for attaching equipment, such as the BMW luggage roll.

72 60 9 057 579

7] Security Cable Lock
Long, flexible lock allows you to secure your motorcycle to posts, pylons, etc.

51 25 1 238 375

8] Gel and Flooded Lead Acid Battery Charger
Programmed specifically for gel type batteries that were standard equipment on 2004 model year motorcycles. Will also safely charge older 'flooded' lead-acid batteries and newer AGM batteries. *NOTE: 2005 Model year and later, disconnect the battery before charging.*

VELOCITY
ACCESSORIES

K 1200 S

A thrilling synthesis of high performance, handling, riding pleasure, and safety. The radically new K 1200 S is innovative in every respect. Supreme riding precision and agility coupled with a high output straight-four engine with features carried over from Formula 1. Amazingly, this high-performance, sporting BMW remains fully capable of, and well suited for, covering long distances in 'two-up' comfort. Here's where you gear up for the ride.

1] Tank Bag for use without Navigator

The K 1200 S Expandable Tank Bag is just the ticket for a quick getaway. Styled in black with gray accents, it complements the colors of the newest sporting BMW. Main compartment capacity is generous; ~ 13 liters expandable to 20 liters. Inconvenient rain-covers are not necessary as the tank bag interior is fully lined in a water resistant material with taped seams and includes a drawstring closure that can be snapped to the top of the inner lid for uncompromising weather protection. The bags outer fabric is a washable rugged synthetic with a coating that is easy to keep clean. A large, clear TPU film map pocket is built into the lid. The map pocket closure utilizes a proven, extremely water resistant roll up system. The bag is identified with a K 1200 S logo in 3D finish together with an embroidered red S. A short carry handle is sewn on. Semi-flexible polyethylene pieces are built in and keep the bag in shape, even at high speeds. Silicone-coated foam 'contact pads' ensure non-slip, scratch-free tank top mounting. Capacity, convenience and the security of a custom fit. This is the BMW Motorrad Tank Bag!

71 60 7 691 516

1

2] Tank Bag for use with BMW Navigator II

Somewhat shorter front to back than the standard K 1200 S tank bag (above) the Tank Bag II shares the same high quality construction and features (Teflon coated fabric, clear map pocket, integrated rain liner) while also allowing the Navigator II GPS unit to mount at the front of the tank with full visibility. The Tank Bag II has a (non-expandable) capacity of ~12 liters and is essential for those GPS guided long distance rides!

Tank Bag	71 60 7 691 391
Mounting Kit	71 60 7 690 753

Reward Redemption: Ultimate – 1-877-497-8078
Platinum – 1-877-497-8878

K 1200 S

3] Sports Pannier System

An innovative lightweight design that blends perfectly with the sporting character of the K 1200 S. Neutral contrasting black/silver color comfortably combines with available K 1200 S colors. Panniers mount well back on motorcycle, improving passenger foot clearance and enhancing integrated look.

Unique multi-form construction offers many advantages. A rugged synthetic main compartment mounts to the motorcycle and includes integrated, aerodynamic luggage handles and latch/lock mechanisms. Pannier lids are of a reinforced flexible material that functions as theft protection and allows the rider to adjust capacity as needed. Included inner bags offer excellent weather protection. A rigid 'cage' is fixed to the lid and forms the outer part of the pannier. Built in ratcheting compression straps simplify packing and ensure the narrowest possible profile regardless of load. Pannier mounting brackets offer easy on-and-off operation while remaining unobtrusive and solid.

Pannier volume is adjustable from – 17 - 25 Liters.
Vehicle width varies accordingly from – 34.3" - 42.5"
Each side will accommodate one full face helmet.
Bags weigh – 7 lbs. each.
Max payload – 17.5 lbs. per bag.

The K 1200 S Sports Pannier System, BMW Motorrad's perfect marriage of super sport and touring.

Reward Redemption: Ultimate – 1-877-497-8078
Platinum – 1-877-497-8878

4] Center Stand

Steel construction mounted on two frame eyelets. Three point contact (legs plus extension arm) supports bike securely with back wheel off the ground. Normal side clearance in turns is not reduced as the footpegs are still the first to touch.

NOTE: To ensure maximum clearance while 'sport' riding and/or while on poor road surfaces and/or while riding with high loads, it is important to follow the suspension strut adjustment instructions contained in the owners manual. Also, the fairing belly pan must be cut for clearance. BMW North America LLC strongly recommends the center stand be installed and relevant adjustments performed by an authorized BMW Motorrad USA Retailer.

Center Stand
46 52 7 655 459

Center Stand Mounting Kit
71 60 7 691 855

4

5] Low Seat

The standard K 1200 S seat is 820mm (32.38") high and has a 'step arch length' (distance along inseam between riders' two foot contact points) of 1,810mm (71.26"). The step arch length is a meaningful measurement that takes into account the width of the saddle as well as the absolute height of the seat.

The lowered seat is 790mm (31.1") high with a step arch length of 1,780mm (70.8"). Available in black only.

52 53 7 677 798

5

6] Anti-Theft Alarm System

A top quality new-generation alarm that integrates seamlessly in use with the K 1200 S. The unit is programmable to arm either automatically when the ignition is switched OFF, or via the remote control. If the motorcycle is jostled or subjected to shocks, the alarm activates the siren and flashers for 30 seconds before re-setting. If the conditions persist, the alarm is again sounded for 30 seconds for up to 10 consecutive times.

NOTE: BMW recommends installation by your BMW Motorrad Retailer. The alarm must be activated by an authorized BMW Motorrad USA Retailer before use.

Alarm System
71 60 7 687 432

Theft Alarm System Manual
01 41 7 690 841

6

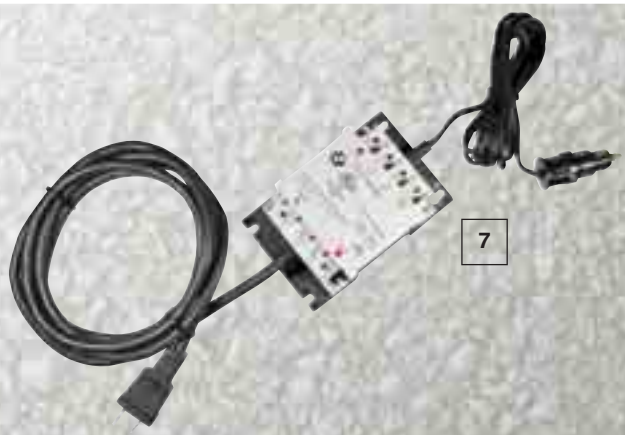
7] AGM Battery Charger (2005 Model year and later with AGM battery)

The only charger safely able to maintain the installed AGM battery through the accessory plug of your new R 1200 GS.

71 60 7 688 865

AGM Battery Charger Adapter Lead
Provides alligator clip output leads for the AGM battery charger.

71 60 7 688 864



7

K 1200 RS

To make this machine even more irresistible, outfit the K 1200 RS with a few extra touches; custom-designed cases and bags for your gear and accessories that add comfort and convenience to your ride.

1

1] BMW System Cases

Water and dust resistant BMW System Cases open fully for easy packing when preparing for a ride or just storing your gear for the night. Inner elastic holding straps help secure the inside gear in place. Cases are asymmetric: The narrower left case holds 25 liters; the right holds 33 liters. Requires locks, case reflectors and mounting brackets.

Left	25lt./.9cf.	71 60 7 669 885
Right	33lt./1.2cf.	71 60 7 669 890

Requires BMW System Case Mounting Brackets (set)

46 54 2 337 241

BMW Badge (one per each case), required	46 54 2 300 045
Reflector Set (one per each case), required	46 54 2 300 047

There are standard and replacement locks available. Please see your local BMW Motorrad USA Retailer for more information.

2

2] 31-Liter Top Case

Add carrying capacity. Tough PVC construction reinforced with an aluminum edge on top and bottom lids secures your gear and protects it from the elements. Requires mounting kit. Lock cylinder not included. Top case available in two colors:

Black	71 60 7 681 189
White Aluminum	71 60 7 693 702
Lock Cylinder (required)	51 25 7 688 839
Mounting Adapter kit	71 60 7 680 821

NOTE: See top case inner bag options on page 15.

3

3] Soft Top Case

Provides 22 lt./8 cf. of storage and carrying capacity. Features a water-repellent, PVC-coated, black easy-care nylon finish and an integral shoulder strap. Three outer pockets provide space for stowing small items. Lockable. Attaches to a removable carrier. Requires lockable soft-bag carrier and luggage rack for installation.

Soft-Case Kit	71 60 2 337 144
Carrier Kit, required	71 60 2 337 149
Luggage Rack, required	71 60 2 337 056

4

4] BMW System Case Scuff Pad Set

For protection against scratches and damage. Shock-absorbent, flexible plastic foam pads with self-adhesive film apply easily for maximum protection.

46 54 2 340 322

5

5] Inner Bags

Soft, dust-resistant nylon bags fit snugly inside the BMW System Cases and feature handy carrying straps similar to airline carry-on bags. Side pockets for additional storage.

Left	71 60 2 341 209
Right	71 60 2 341 210

6

6] Tank Bag System

Removable center sections permit 11lt./.4cf., 24lt./.9cf. and 28lt./1cf. capacity. Specially designed for the K 1200 RS. Base unit fits the tank's round contours perfectly, and a rapid-action locking system allows the Tank Bag to be tipped forward or back when fueling. Also features a large map pocket and rain hood which enhance the functionality of the K 1200 RS Tank Bag System.

71 60 2 341 203

7

7] BMW System Case Extra Large Lids

Increase your storage and carrying capacity with the new BMW System Case Extra Large Lid. Same construction as the standard lid, with an additional storage capacity of six liters (.21cf.) per lid. New, rugged bumper protection strip on the outside. Ideal for long trips. Installs in minutes; all hardware included. (Required reflectors available separately.)

Left	71 60 7 652 735
Right	71 60 7 652 736

8

8] Side Case Dividers

Installs easily to the inside of any system case. Helps keep your gear in place when accessing side cases. Divider is approximately 6.5 inches high. Each sold separately.

Left	46 54 2 316 913
Right	46 54 2 316 914

9] BMW System City Case Lids

Convert your BMW System Cases to narrower profile City Cases. Perfect for sport riders and commuters.

9

The BMW Navigator II System 99 99 0 020 243

Please refer to Communication and Guidance section page 85 for full details.

K 1200 RS

10] Comfort Windshield

This injection-molded polycarbonate windshield offers enhanced rider comfort and protection. Has wider wings and is taller than the standard windshield by almost 3 in./7.6cm. Available in clear only. Easy to install.

Up to model year 2001	46 63 2 347 650
Model year 2002 and later	46 63 7 663 115

11] Sport Windshield

Add a sportier look to the K 1200 RS with the new smoke-tinted windshield. Designed to the same specification as the standard windshield. Available for 2002 Model year and later.

71 60 7 666 718

12] Comfort Handlebar Brackets

Moves handlebars 1.6 in. (40 mm) closer to rider for a more upright riding position.

71 60 2 337 330

13] Wind Guards

Retrofit your K 1200 RS with wind protection elements borrowed from the incomparable K 1200 GT. Available in matte black to complement all color schemes. Some drilling and additional hardware is necessary. BMW recommends installation by authorized BMW Motorrad USA Retailers.

A.	**Leg Guard – Left**	46 63 7 674 999
	Leg Guard – Right	46 63 7 675 000
B.	**Hand Guard – Left**	46 63 7 663 201
	Hand Guard – Right	46 63 7 663 202

14] Comfort Seat

Thicker padding adds about an inch in seat height for the driver and about a half-inch for the passenger. This makes for more comfortable knee angles for both rider and passenger.

52 53 2 347 311

10

11

12

13A

13B

14

15] Luggage Rack

Features numerous openings and fastening holes to ensure secure fastening of baggage, the Luggage Roll and the Soft Top Case (Item No. 2).

71 60 2 337 056

16] Additional Power Accessory Socket Kit

Ideal way to connect 12-volt accessories, such as a heated vest or battery charger.

Socket Kit	71 60 2 337 054
Connector	61 13 8 060 106

17] Anti-Theft Alarm

Ward off theft with this alarm featuring a separate siren that causes all four flashers to operate if bike position is altered, if the battery is disconnected or if an attempt is made to start the engine. Remote control allows alarm to be switched off from a distance. Requires Installation Kit. *NOTE: Will not work on K 1200 RS models with cruise control installed.*

For motorcycles manufactured through July 2004	
Alarm	65 75 2 337 481

R 1100 S / R 1100 S BOXERCUP REPLIKA

BMW Motorrad offers a full line of top-quality matching carbon fiber accessories for the R 1100 S and R 1100 S BoxerCup. Lightweight yet remarkably strong with an attractive "weave" finish, carbon fiber is a high-tech material that was first used in the aerospace industry and Formula 1 racing. It is also well suited for high-performance motorcycle applications.

7] R 1100 S Upper Carbon Fiber Kit 71 60 7 661 658

Deck out your (single ignition) R 1100 S with lightweight carbon fiber. This top-quality nine-piece kit includes:

Exhaust Manifold Protection [# 8]
Triple Clamp Cover [# 9]
Rear Spring Spoiler [# 10]
Spark Plug Covers [# 11]
Heel Guard (Left) [# 12]
Heel Guard (Right) [# 12]
Rear Seat Cover [# 13]
Fuel Tank Cover [# 14]
Upper Trim Panel [# 15]

8] Carbon Fiber Exhaust Manifold Cover
Hot exhaust manifold protection in top-quality carbon fiber.

71 60 7 661 281

9] Carbon Fiber Triple Clamp Cover
Personalize your R 1100 S with a touch of carbon fiber on the triple clamp.

71 60 7 655 321

10] Carbon Fiber Rear Spring Spoiler
Good-looking lightweight protection for the rear spring.

71 60 7 655 324

11] Carbon Fiber Spark Plug Covers
Add a touch of carbon fiber for single-ignition cylinder heads.

2003 Model year and earlier 71 60 7 655 319

12] Carbon Fiber Heel Guards
Protect your bike from scuffs and scratches.

Left 71 60 7 655 322
Right 71 60 7 661 280

13] Carbon Fiber Rear Seat Cover
Popular custom seat cover in high-performance carbon fiber.

71 60 7 655 315

14] Carbon Fiber Fuel Tank Cover
Lightweight tank protector matches carbon fiber fairing and rear seat cover to complete a total racing bike look.

71 60 7 655 316

15] Carbon Fiber Upper Trim Panel
Appealing carbon weave finish stands out while complementing the standard bodywork for a lightweight custom look.

71 60 7 655 317

16

17

18

16] Carbon Fiber Lower Spoiler Kit

Engine spoiler with ductwork manages air around lower engine and streamlines appearance of motorcycle. Hardware included. *NOTE: Not included in 'upper' Carbon Fiber Kit at left.*

71 60 2 337 207

17] Carbon Fiber Engine Cover

Developed for R 1100 S. Adds visible touch of carbon fiber high performance.

71 60 7 664 236

18] Carbon Fiber Belly Pan

Replika race-style belly pan ships with sponsor decals for you to apply as desired. *NOTE: Carbon fiber piece arrives painted Pacific Blue.*

46 63 7 670 994

19] Carbon Fiber Cylinder Head Cover

Carbon fiber cylinder head covers give your Boxer engine that 'over the top' racer look. Available for both single-ignition and double-ignition R259 Boxer engines. Both styles include integrated steel feelers to guard against radical lean angles. Some additional hardware required (see below). BMW recommends installation by an authorized BMW Motorrad USA Retailer.

A. Single-Ignition Engines (2003 Model years and earlier)

Left Carbon Fiber Cover	11 12 7 676 473
Right Carbon Fiber Cover	11 12 7 676 474
Left Aluminum Cover	11 12 7 676 475

B. Double-Ignition Engines (2004 Model year)

Left Carbon Fiber Cover	11 12 7 680 433
Right Carbon Fiber Cover	11 12 7 680 434
Threaded Sleeve Cap (two required per cover)	11 14 7 675 699
Head Stud (two required per cover)	11 12 7 680 077

19A

19B

R 1100 S / R 1100 S BOXERCUP REPLIKA

20] Bike Covers

Anytime you park your bike for an extended period or during wet weather, protect it with this All-Season BMW Cover. It resists the effects of storms, sunlight and cracking in cold weather. For indoor storage, use the BMW Dust Cover to keep your bike dust-free and protected. See page 110 for more details.

A. All-Season Cover	99 99 0 000 596
B. Dust Cover	99 99 0 005 518

21] Locking Oil Filler Cap

Protects engine from tampering. Diecast plug with a high-gloss chrome finish features attached dust cover to protect keyway from dirt and debris. Two non-coded keys and O-ring installation gasket included. Fits all R259 Boxer engines using standard oil filler cap (Item No. 11 41 1 340 900).

Oil Cap	71 60 7 674 505
Spare Key	71 60 7 674 506

22] BoxerCup Replika Model (1:18 Scale)

Detailed model of the R 1100 S BoxerCup Replika captures the thrill and drama of BMW Motorrad International BoxerCup racing. If you can't be out riding one, keep this BoxerCup model on your desk to remind you of where you'd rather be.

80 43 0 150 979

23] Front and Rear Sport Suspension Struts

Front and rear suspension struts for your R 1100 S allow you to set the suspension for riding conditions on the spot, without tools or hassle.

A. Sport Suspension – Front	31 42 2 335 773
B. Sport Suspension – Rear For motorcycles manufactured after October 2003	33 53 7 687 186
B. Sport Suspension – Rear For motorcycles manufactured after August 2000	33 53 7 660 624
B. Sport Suspension – Rear For motorcycles manufactured through July 2000	33 53 2 335 774

24B

24B2

24C

25

24] BMW Motorrad USA Track Stand

BMW Motorrad USA track stands feature stability, ease of use and rugged construction. Features like TIG-welded, zinc-plated steel and oversize wheels and grips guarantee years of reliable service at the track or in your garage. Manufactured in USA for BMW Motorrad by PitBull, tested and proven on the BoxerCup race circuit.

A. Front Stand Kit:
Quick and easy way to get the front wheel off the ground for service or storage.

99 99 0 005 289

B. Rear Stand Kit
Exclusive BMW rear stand includes hardware to accommodate your R 1100 S with or without belly pan.

99 99 0 005 290

B2. Sport Strut Tall Plate Kit
NOTE: Boxer Cup Replika model year 2005 requires tall spool plates (pictured). Contact your dealer for details.

B3. Extra Track Stand Spool Kit (Not Shown)
Allows one rear stand to be used for two bikes.

99 99 0 005 292

C. Side Stand Kit:
Removable trackside stand accommodates racing bikes that no longer have the stock side stand installed.

99 99 0 005 291

25] Wide Rear Wheel

This 5.5 x 17 inch rear wheel allows use of a 180/55 rear tire for dedicated sport riders. Also offers a more aggressive stance to your R 1100 S. Excellent when combined with front and rear sport suspension struts. Available in Mandarin, Pacific Blue, Alpine White and standard Silver, to fit both ABS and Non-ABS motorcycles. Consult your authorized BMW Motorrad USA Retailer for specific applications.

R 1150 RS

Insatiable. This beast has a big fuel-injected Boxer twin, hungry for low fast turns and ready to spit out serious power. It's as much fun to ride as a sport-bike but comfortable enough for cruising through the weekend. Add cases and you've got a bike ready for anything.

1] BMW System Cases

Water- and dust-resistant BMW System Cases open fully for easy packing when preparing for a ride or just storing your gear for the night.

Left – 32 lt. 46 54 2 317 611
Right – 31 lt. 46 54 7 660 300

Mounts for BMW System Cases (required)
R 1150 RS Case Mount 46 54 2 316 594

Lock cylinders and side reflectors not included with BMW System or City Cases.
BMW Badge (one per case) 46 54 2 300 045
Reflector (one per case) 46 54 2 300 047

There are standard and replacement locks available. Please see your local BMW Motorrad USA Retailer for more information.

1

2] BMW System Case Extra Large Lids

Increase your storage and carrying capacity with the new BMW System Case Extra Large Lid. Same construction as the standard lid, except with an additional storage capacity of six liters per lid. New, rugged bumper protection strip on the outside. Ideal for long trips. Installs in minutes; all hardware included.

Left 71 60 7 652 735
Right 71 60 7 652 736

2

3] BMW System Case 'City' Lids

Convert your BMW System Cases to narrow profile City Cases. Perfect for sport riders and commuters. BMW badge and reflector required, listed under Item No. 1.

Black

(one per set) 46 54 2 337 018

3

4] BMW System Case Scuff Pad Set

For protection against scratches and damage. Shock-absorbent, flexible plastic foam pads with self-adhesive film apply easily for maximum protection.

46 54 2 340 322

5] Case Dividers

Install easily to the inside of any system case. Help keep your gear in place when accessing side cases. Approximately 6.5 inches high. Each sold separately.

Left 46 54 2 316 913 **Right** 46 54 2 316 914

6] System Case Inner Bags

Soft, dust-resistant nylon bags fit snugly inside the BMW System Cases and feature handy carrying straps similar to airline carry-on bags.

Left **25lt./.9cf.** 71 60 7 666 492
Right **31lt./1.1cf.** 71 60 7 666 944

7] 33-Liter Top Case

Ultra convenient weather resistant storage for around town or long distance rides. Optional quick-release mount plate allows easy removal of case at any time. Top case ships without lockset.

There are standard and replacement locks available. Please see your local BMW Motorrad USA Retailer for more information.

A. Top Case 71 60 2 316 732

B. Quick Release Case Mount 46 54 2 317 074

8] Top Case Inner Bag

Removable nylon bag fits snugly in 33 liter top case. Includes carrying strap.

71 60 7 651 886

9] Top Case Back Rest

Optional cushion mounted on Top Case provides more comfortable seating for the passengers. (Mounting hardware included.)

71 60 2 337 201

10] Tank Bag

Specially designed for roadster models, with a variable capacity up to 28 liters. Bag can be tilted forward or back without removal to reach gasoline filler cap. Separate map pocket can be flipped over for reading map on both front and back sides.

Black 71 60 7 651 893

R 1150 RS

11] Cylinder Head Guard

Popular among Boxer riders. Constructed of high-impact-resistant plastic to protect against scratches and damage to the cylinder heads.

16

15] Chrome Cylinder Head Covers

For a special touch – further enhance the slick design of your R bike with original BMW Boxer chrome cylinder head covers. These highly polished chrome covers will add a classic look to your motorcycle. Replacement chrome bolts will complete the classic look. (Four chrome bolts are required per cover.)

For 2003 Model year and earlier	
Left	11 12 2 317 427
Right	11 12 2 317 428
Chrome Bolt (each)	11 12 1 341 117

16] Additional Accessory Power Socket

Ideal way to connect 12-volt accessories such as a heated vest and battery trickle charger.

Socket Kit	61 13 1 391 630
Connector	61 13 8 060 106

17] Carbon Fiber Engine Cover

Give your bike a high-performance look and added engine protection with this lightweight but rugged carbon fiber engine cover.

71 60 7 664 236

18] Chrome Engine Cover

Give your bike a classic look with the new chrome engine cover featuring a full-color BMW logo. Complete the look by adding replacement chrome bolts. (Not included with the chrome engine cover. Eight bolts required.)

11 11 7 685 327

19] Bike Covers

Anytime you park your bike for an extended period or during wet weather, protect it with this All-Season BMW Cover. It resists the effects of storms, sunlight and cracking in cold weather. For indoor storage, use the BMW Dust Cover to keep your bike dust-free and protected. See page 110 for more details.

ESSENTIALS

Power, performance and state of the art engineering make riding your BMW motorcycle a truly thrilling experience. It is no secret that owners love to hit the open road. It is for this reason that we provide a variety of safety and maintenance equipment designed to keep you and your BMW motorcycle up and running. Keeping these essentials on hand helps keep you prepared.

1] Tire Repair Kit
For emergency repairs. Stores easily in tool compartment, tank bag or side case. Highly recommended for long rides.

Tubeless Tire Repair Kit	71 11 2 332 083
63-Gram CO2 Cartridge	71 11 2 300 236

2] Heavy-Duty Tire Pressure Gauge
Portable and shock-resistant gauge, encased in a rubber housing, with easy-to-read numbers. Features a release button that holds the pressure reading until you finish checking it. Comes with a handy storage pouch.

82 12 0 140 377

3] BMW Tire Pump
Handy, compact, manually operated pump fits in most BMW cases. Easy to operate.

71 11 1 234 860

4] U-Lock
Made from high-tensile steel for maximum protection against bolt cutters, or being pulled or twisted off or drilled open. Tensile strength factor up to eight tons. Special holder allows lock to be stored compactly in BMW cases.

71 60 2 340 153

FREEDOM
ACCESSORIES

R 1200 C / MONTAUK / MONTANA / PHOENIX

Dress up your R 1200 C Classic, Montauk, Montana, or Phoenix with a customized windshield, saddle bag, engine guard, chrome cover, plus much more to give it the right finishing touch.

1

2

1] Saddlebags

Hard-shell, impact-resistant plastic cases are covered in water-resistant leather for an elegant touch. Available in black, brown or blue leather. Equipped with an internal storage compartment and codeable single-key locks (optional). Left bag capacity is 20 liters; right is 18.5 liters, to match the contours of the R 1200 C.

	Left	Right
Black	71 60 2 341 211	71 60 2 341 212
Brown	71 60 2 337 135	71 60 2 337 136
Blue	71 60 2 337 137	71 60 2 337 138

Lock sets sold separately

Saddlebag Mounting Kit is required 71 60 7 651 481

There are standard and replacement locks available. Please see your local BMW Motorrad USA Retailer for more information.

2] Touring Bags

Extra large R 1200 C Touring Bags, excellent for long trips or for carrying extra gear. Total storage capacity of 71.5lt./2.5cf. with a load-carrying capacity of 16kg/35lbs. Touring Bags can be painted to match your bike's color. Can be retrofitted to the standard R 1200 C Bag Mounts. Single-key system. Leather-wrapped grab handle. New two-point lock system. Bags are water-resistant. Requires lock cylinder, one per bag.

Right - 34.5lt./1.2cf.	71 60 7 661 266

R 1200 C / MONTAUK / MONTANA / PHOENIX

3

3] Tank Bag

Ideal for smaller items, the R 1200 C Tank Bag has many practical uses. Constructed of black leather accented with the R 1200 'C' insignia, it is specifically designed to fit the cruiser gas tank. No need to remove Tank Bag when refueling. Attaches easily to a black leather strap (required, purchased separately) which runs down the center of the gas tank. A clear map pocket attachment is available which can be placed over the top of the Tank Bag for viewing maps, directions, etc.

All components available separately.

Tank Bag	71 60 2 342 269
Mounting Strap (required)	71 60 2 342 271
Map Insert Pocket	71 60 2 342 274

4] Rear Luggage Carrier Kit (Phoenix only)

This luggage carrier kit for the R 1200 C Phoenix is perfect for attaching small bags, small duffel bags or just adding carrying capacity. Items in the kit are also available separately.

Luggage Kit	71 60 7 661 260
Luggage Straps	72 60 9 057 579

5] Inner Bag

Specifically designed to fit inside the BMW R 1200 C Saddlebags (Item No. 1), this Inner Bag allows you to carry gear away from your motorcycle while the saddlebags remain securely attached. Water-resistant. Inner Bag can be used for left or right saddlebag.

71 60 2 341 213

6] Luggage Roll

Rugged nylon/leather, 40-liter roll features nylon carrying straps and a separate waterproof rain cover. Uniquely designed specially for the R 1200 C, with the model insignia 'C' stitched on top. The R 1200 C Luggage Roll incorporates reinforcement rods at the bottom and side to keep its shape and to help prevent shifting while in motion. Available in a dark gray/black combination.

7] Euro Windshield
Designed specifically for the R 1200 C Euro model, this scratch-resistant, polycarbonate windshield features chrome-plated mountings and offers added comfort and protection, as well as a slick design. Not available for Montauk.

99 00 0 001 803

8] Touring Windshields
Constructed from scratch-resistant polycarbonate sheet stock – considered the best material for this purpose. Optically clear when viewed at 90 degrees. Available in low version. Not available for Montauk or motorcycle with tubular handlebars.

18-inch (450 mm)	71 60 2 319 472
22-inch (550 mm)	71 60 2 337 079

9] Montana Windshield
Made of clear scratch-resistant polycarbonate, its side teardrop deflectors enhance protection as well as comfort. Not available for the Phoenix or Montauk.

99 99 0 000 013

NOTE: Chrome windshield mounts are available for all windshield and handlebar styles. Speedster Windshield kit is available in plastic only. See your local BMW Motorrad USA Retailer for details.

10] Speedster Windshield
Tinted, low-profile, scratch-resistant, injection-molded, polycarbonate windshield for a dramatic, aggressive look. Not available for Montauk.

71 60 2 337 464

11, 12, 13] Optional Handlebars
The R 1200 C handlebars are made of highly polished chromed steel, specially designed for each rider's riding style and comfort. Available in three styles, Low or Standard Bars (25-mm), and Euro Bars (28-mm).

11. Low Bars 25mm	32 71 2 335 431
12. Standard Bars 25mm	32 71 2 331 076
13. Euro Bars 28mm	32 71 2 335 899

Replacement throttle, clutch and brake lines needed.
See Retailer for information.

24] Chrome Front Engine Cover
This chromed cast aluminum cover incorporates a three-dimensional, full-color BMW Roundel logo, and adds a special signature to any R 1200 C.

11 11 7 685 327

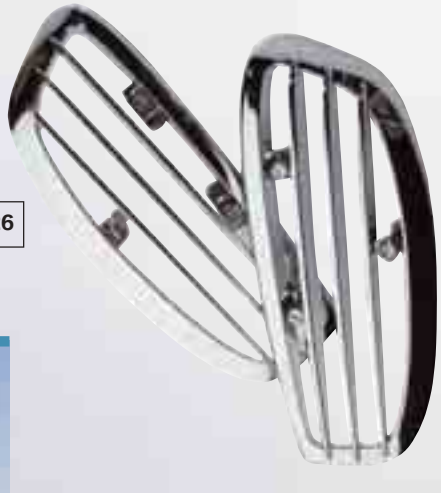
25] Chrome Adjustable Control Levers
High quality-chrome levers are direct replacements for stock pieces on any R 1200 C. Levers feature adjustable reach to fit any size hand and 'breakaway' tips to keep you from being stranded with a broken lever.

Clutch (Left)	71 60 7 654 753
Brake (Right)	71 60 7 654 754

25

26] Chrome Front Air Grilles
Lightweight Chromoplast air-intake grilles give any R 1200 C a bolder look.

71 60 7 653 766



26

27] Chrome Master Cylinder Cover
Complete the chrome look by adding chrome covers to both the brake and clutch master cylinders.

71 60 7 655 488

27

28] Chrome-Plated Horn Cover
Chromoplast horn cover shines on any R 1200 C. Comes complete with mounting hardware.

71 60 7 671 510

28

29

29] Chrome Seat Rail

Adds style to your motorcycle and gives passengers a grab rail for added stability and safety while riding.

Chrome Seat Rail	71 60 7 654 644
Mounting Hardware Kit	71 60 7 682 313

30] Passenger Seat/Seat Pan Options

Large passenger seat, available in colors to match the rider's seat, is designed for added comfort for the passenger on long rides. Passenger seat can be installed with or without saddlebags. Color-matched versions and a primed ready-to-paint version are also available. Seat Pan and mounting hardware are required and sold separately below.

R 1150 R / R 1150 R ROCKSTER

You've got a thing for classic roadsters or maybe café racers. So go ahead, experience the muscular excitement and exhilaration of the R 1150 R. Then dress it for the occasion with the accessories that will make it uniquely yours.

Fire up its two-spark engine and rocket across the pavement. Its raw, naked form screams aggression from every angle. With power delivery this instantaneous, it's a thrill worth sharing.

1] BMW System Cases

Water- and dust-resistant BMW System Cases open fully for easy packing when preparing for a ride or just storing your gear for the night. Cases are asymmetric: The narrower left case holds 25 liters; the right holds 31 liters.

Left - 25 lt.	46 54 2 317 623
Right - 31 lt.	46 54 7 660 300

Mounting bracket for BMW System and City Cases (required)
NOTE: Hardware not included. See your local BMW Motorrad USA Retailer for details.

16A

16B

17] Carbon Fiber Bracket Cover

Companion pieces to the 'metalized seat cover', these give your solo-seat conversion a finished look by covering the rear peg mounting brackets.

Left 46 71 7 675 265 **Right** 46 71 7 675 266

17

Before

After

18] Metalized Rear Seat Cover

Aluminum-look cover takes the place of the rear two-piece seat. Streamlines the motorcycle's appearance for solo rides and doubles as a luggage platform when combined with luggage loops. *NOTE: Requires dual seat.*

71 60 7 658 542

18

19] Luggage Tie-Down Loops

Easy mounting loops allow you to hook luggage tie-downs securely.

(Set of 4 loops) 71 60 7 661 267

19

R 1150 R / R 1150 R ROCKSTER

20] Rockster Touring Windscreen

The Rockster Touring Windscreen. Designed to channel air around the rider, reducing the fatiguing effects of noise and wind blast. Simple Installation – Four screws fasten the windscreen brackets to the motorcycle's instrument mounting brackets. Convenient – The windscreen may be quickly removed for 'round-town' rides. The screen is clear, and carefully molded to accommodate the Rockster's distinctive headlight contours. It won't hide your roadster's aggressive front-end profile! Increase your riding comfort, in style, with the Rockster Touring Windscreen.

99 99 0 006 107

20

21] Sport Windshield Kits

For a sportier appearance, add a BMW Sport Windshield to your R 1150 R. Available in smoke tint or clear, the BMW Sport Windshields will enhance the look of your bike and provide wind protection while you're riding. Sport Windshield kits come complete and ready to install with mounts and hardware. Not available for Rockster.

5] Soft Bag for Storage Compartment

Convenient storage bag for day trips and errands. Fastens securely in the 'tank tray' area of the F 650 CS. Also may be removed and worn over the shoulder with the included padded strap.

46 63 7 658 448

5

6] Soft Case Luggage System

A rugged and multi-functional Soft Case System, designed specifically for the active rider of the F 650 CS. Quickly attaches to the motorcycle via a zipper/buckle system. As unique as the bike itself, this case system provides an array of storage pockets that offer a combined total of 62lt./2.2cf. of storage capacity. Color matched to the F 650 CS, these water-resistant cases are perfect for everyday use. Built-in shoulder straps, attachment loops and expandability make this system multi-functional. Easy to install. Sold separately.

Requires optional frame-securing strap.
Color: Combination of blue and gold.

7] Helmet And Luggage Holder

This retaining 'spider' of three flexible plastic arms with metal inserts and lock helps secure your helmet in the storage compartment. Components have smooth surfaces to prevent scratching helmet. Easy to use.

71 60 7 664 652
NOTE: Lock (51 25 2 337 270) is not included.

7

8] Stuffbay Cover

The new CS Stuffbay Cover offers hard shell protection for your valuables while cleaning up the visual lines of the bikes. Constructed of tough ABS plastic, it installs in seconds. Will cover a standard soft bag in the stuffbay.

Available primed and ready to paint, or in a white aluminum color that is compatible with stock color schemes. Locksets available separately. Image shows customer painted blue cover.

Prime Coated 71 60 7 680 803
White Aluminum 71 60 7 680 802

Lock Cylinder with key (Required) 51 25 2 313 284

8

F 650 CS

9] Optional Low and Tall Seats

Optional low seats, perfect for riders who prefer a lower riding position. Available in colors: Sepia (tan), Dark Blue and Black. Easy installation. Height: 750mm/29.5 inches.

Low Seat – Sepia	52 53 7 664 025
Low Seat – Dark Blue	52 53 7 664 027
Low Seat – Black	52 53 7 658 377

Special Tall Seat, 810mm/32 inches – approximately 1.5 inches taller than the standard seat. Available in Black.

Tall Seat – Black	52 53 7 671 536

10] Engine Spoiler (Carbon Fiber)

For a sporting look, dress up your F 650 CS with an engine spoiler made of carbon fiber-reinforced plastic (CRP). Bolts easily to mounting points on the bike.

71 60 7 665 497

11] Custom Chrome Kits

Customize your F 650 CS by adding all or some of the optional accessories: Oil tank covers, chrome frame and exhaust covers, instrument trim cover and chrome mirrors.

A. Chrome Oval Mirror L or R - sold individually	71 60 7 669 834
B. Chromoplast Instrument Trim	71 60 7 669 839

14] Bike Covers

Anytime you park your bike for an extended period or during wet weather, protect it with this All-Season BMW Cover. It resists the effects of storms, sunlight and cracking in cold weather. For indoor storage, use the BMW Dust Cover to keep your bike dust-free and protected. See page 110 for more details.

A. All-Season Cover	99 99 0 000 591
B. Dust Cover	99 99 0 005 518

15

15] On-Board Computer

For vital en-route information, the on-board computer displays momentary, average and top speeds, speed comparisons, 'Tripmaster' (total distance traveled and part-distance), actual time, stopwatch, alarm and integrated lighting. Mounts on the handlebar for easy access. Portable for use as a clock or alarm. Consult your local BMW Motorrad USA Retailer for installation. Kit includes harness and mounting hardware.

2005 Model year	71 60 7 688 381
2003 Model year and earlier	71 60 7 664 859

16] Anti-Theft Alarm

Alarm features a separate siren that activates the four-way flashers when the bike's position is altered, the battery is disconnected or an attempt is made to start the engine. Two-button remote control operates the alarm from a distance. The alarm can be programmed to several different scenarios, depending on your needs:

- Sound sequence • Panic alarm
- Tone type • Automatic activation of the immobilizer
- Automatic activation of the alarm
- Add up to four remote controls • Internal battery back-up
- Motion detector • Engine safety switch

NOTE: Requires installation kit. Contact your local BMW Motorrad USA Retailer for installation and programming.

ESSENTIALS

Power, performance and state of the art engineering make riding your BMW motorcycle a truly thrilling experience. It is no secret that owners love to hit the open road. It is for this reason that we provide a variety of safety and maintenance equipment designed to keep you and your BMW motorcycle up and running. Keeping these essentials on hand helps keep you prepared.

1] Tie-Down Straps
Very durable design can withstand severe loads – for attaching additional equipment safely to your motorcycle. The roller buckle enables the straps to be adjusted quickly.

72 60 2 304 808

2] Elastic Luggage Straps
Sturdy, nylon-covered permanently elastic rubber is specially designed for attaching equipment, such as the BMW luggage roll.

72 60 9 057 579

3] BMW Tire Pump
Handy, compact, manually operated pump fits in most BMW cases. Easy to operate.

71 11 1 234 860

4] Heavy-Duty Tire Pressure Gauge
Portable and shock-resistant gauge, encased in a rubber housing, with easy-to-read numbers. Features a release button that holds the pressure reading until you finish checking it. Comes with a handy storage pouch.

82 12 0 140 377

5] Security Cable Lock
Long, flexible lock allows you to secure your motorcycle to posts, pylons, etc.

51 25 1 238 375

1

2

3

4

5

6

6] Tire Repair Kit

For emergency repairs. Stores easily in tool compartment, tank bag or side case. Highly recommended for long rides.

Tubeless Tire Repair Kit	71 11 2 332 083
63-Gram CO2 Cartridge	71 11 2 300 236

7] U-Lock

Made from high-tensile steel for maximum protection against bolt cutters, or being pulled or twisted off or drilled open. Tensile strength factor up to eight tons. Special holder allows lock to be stored compactly in BMW cases.

71 60 2 340 153

7

8] Gel and Flooded Lead Acid Battery Charger

Programmed specifically for gel type batteries that were standard equipment on 2004 model year motorcycles. Will also safely charge older 'flooded' lead-acid batteries and newer AGM batteries. *NOTE: 2005 Model year and later, disconnect the battery before charging.*

TRAVEL
ACCESSORIES

K 1200 LT

Believe it or not, even the King of Touring can use a few extras. Add a rack, floorboards, a navigator and com system, and the K 1200 LT is ready for whatever a day on the road may bring.

1] **Luggage Rack Kit**
Sturdy construction allows you to carry luggage securely. Mounts on the standard top case.

71 60 7 663 023

2] **Luggage Inner Bags**
Stylish leather and nylon inner bags to carry your gear to and from your motorcycle. Designed especially for the K 1200 LT, the LH bag holds 21 liters while the RH bag is 15 liters to accommodate the BMW CD player. Or choose the larger 21-liter RH bag for bikes without CD players installed. A side storage pocket with an embossed K 1200 LT signature is attached to the leather-lined outer shell.

Right (with CD Player installed)	71 60 2 342 671
Right (without CD Player installed)	71 60 2 342 672
Left	71 60 2 342 673

3] **Top Case Inner Bag**
This specially designed leather and nylon top-case inner carrying bag is perfect for packing your gear. The K 1200 LT signature is proudly displayed on the leather-lined outer shell. A capacity of 35 liters makes this bag a perfect airline carry-on when traveling.

71 60 2 342 674

4] **Tank Utility Pouch**
Unique storage pouch for smaller items. Attaches to the storage compartment lid via a Velcro® strap and a loop. Map pocket and rain cover included. Handy carrying straps for use when removed from the motorcycle.

71 60 2 342 670

5] Windshield – High Version
Made of scratch-resistant polycarbonate.

46 63 2 307 914

6] Adjustable Passenger Footrests
Ideal for relaxed touring comfort. Adjusts to six positions over a height of 50 mm. Available in chrome or silver-tone finish.

Chrome (All)	71 60 7 652 646
Silver-tone (2003 Model year and earlier)	71 60 2 337 413

7] Heated Low Seat Kit
For added rider comfort, the K 1200 LT heated rider's seat is re-contoured approximately two inches lower and one inch narrower. Wired for heating. Kit includes seat, panel brackets, heater switch and wiring. Detailed instruction pamphlet provided. *NOTE: Modification to the frame and side panels is required for installation. (Seat is not adjustable.)*

2003 Model year and earlier	71 60 7 658 484

8] K 1200 LT Cupholder
As unique as the K 1200 LT – this cupholder installs in seconds on the left handlebar via a built-in snap. Simply push the side lever and the holder is ready; press the outer ring down and it stores quickly out of the way.

71 60 2 337 454

NOTE: The cupholder is not to be used while the motorcycle is in motion.

9] Bike Covers
Anytime you park your bike for an extended period or during wet weather, protect it with this All-Season BMW Cover. It resists the effects of storms, sunlight and cracking in cold weather. For indoor storage, use the BMW Dust Cover to keep your bike dust-free and protected. See page 110 for more details.

K 1200 GT

This big boy devours roads with an insatiable appetite. A lightning quick sport-tourer with 130 horses and a long list of touring amenities, including expanded wind protection and heated handgrips for a supremely comfortable ride. Add a heated seat for the long haul, a tank bag to keep essentials handy, and a Motorrad Navigator to keep you pointed in the right direction and you'll be 'movin out' in style.

1

1] Tank Bag System

Removable center sections permit 11lt./.4cf., 24lt./.9cf. and 28lt./1cf. capacity. Base unit fits the tank's round contours perfectly, and a rapid-action locking system allows the Tank Bag to be tipped forward or back when fueling. Also features a large map pocket and rain hood which enhance the functionality of the BMW Tank Bag System.

71 60 2 341 203

2

2] Inner Bags

Soft, dust-resistant nylon bags fit snugly inside the BMW System Cases and feature handy carrying straps similar to airline carry-on bags. Side pockets for additional storage.

Left 71 60 2 341 209 **Right** 71 60 2 341 210

3] Soft Top Case

Provides 22lt./8cf. of storage and carrying capacity. Features a water-repellent, PVC-coated, black easy-care nylon finish and an integral shoulder strap. Three outer pockets provide space for stowing small items. Attaches to a removable carrier. Ideal for every GT rider. Requires carrier and luggage rack for installation.

Soft-Case Kit	71 60 2 337 144
Carrier Kit, required	71 60 2 337 149
Luggage Rack, required	71 60 2 337 056

3

4] System City Case Replacement Lids

Convert your BMW System Cases to narrower profile City Cases. Perfect for sport riders and commuters.

Black/Left	46 54 2 337 019	**Black/Right**	46 54 2 337 020
White/Left	46 54 7 651 591	**White/Right**	46 54 7 651 592

5] 31-Liter Top Case

Add carrying capacity. Tough PVC construction reinforced with an aluminum edge on top and bottom lids secures your gear and protects it from the elements. Requires mounting kit. Lock cylinder not included. Top case available in two colors:

Black	71 60 7 681 189
White Aluminum	71 60 7 693 702
Lock Cylinder (required)	51 25 7 688 839
Mounting Adapter Kit	71 60 7 680 821

NOTE: See top case inner bag options on page 15.

4

5

6

7

8

9B

Please refer to Communication and Guidance section page 85 for full details.

R 1200 CL

Cruiser touring has never been this easy or more comfortable. There's nothing like experiencing the world from the saddle of the R 1200 CL, especially when you add your own finishing touches. Jazz up this luxurious country roadster with chrome and matching hardcase inner bags, then follow up on the serious sightseeing with the help of BMW Motorrad's VOICE intercom mated with a handlebar mounted CB and GPS Navigator.

1

2

1] Inner Bags
Soft nylon inner bags are tailored to fit your CL's saddlebags perfectly. Attached carrying straps allow easy removal for quick check-in at your destination.

Left	72 60 7 671 565
Right	72 60 7 671 566

2] Backpack
Designed to complement the R 1200 CL, but can be used with all motorcycles. 42-liter capacity, 52-cm x 38-cm x 29-cm backpack features four outside two-way zippered pockets, water resistant main compartment, laptop attachment in main compartment, comfort padding on back with mesh fabric for ventilation. Pre-formed shoulder straps and an adjustable chest strap fit comfortably and securely. 'BMW Motorrad' embroidery on lid and back.

72 60 7 671 564

3] Top Case Inner Bag
Premium-quality, water resistant bag designed to complement the R 1200 CL features shoulder strap and BMW Cruiser label. 10-kg. maximum volume adapts perfectly to the R 1200 CL top case. Colors combine with all BMW motorcycle color schemes.

72 60 7 671 567

The BMW Navigator II System 99 99 0 020 245
Please refer to Communication and Guidance section page 85 for full details.

12

12] Engine Guard

Protects against scratches and damage to the engine and cylinder heads. Made of high-impact-resistant plastic.

Double-Ignition (2004 model year and later)

71 60 7 684 065

Single-Ignition (2003 model year and earlier)

46 71 2 316 487

13] Chrome Alternator Belt Cover

This chromed cast aluminum cover incorporates a three-dimensional, full-color BMW Roundel logo, and adds a special signature to any R 1150 RT.

11 11 7 685 327

13

14] Chrome Cylinder Head Covers (For single-ignition engines only)

Add a classic look to your R 1100 RT or R 1150 RT ('03 and earlier) with these brilliant chrome cylinder head covers. Matching replacement chrome bolts available, four bolts required per cover.

Left	11 12 2 317 427
Right	11 12 2 317 428
Chrome Bolt (each)	11 12 1 341 117

14

15] Carbon Fiber Cylinder Head Cover

Carbon fiber cylinder head covers give your Boxer engine that 'over the top' racer look. Available for both single-ignition and double-ignition R 259 Boxer engines. Both styles include integrated steel feelers to guard against radical lean angles. Some additional hardware required (see below). BMW recommends installation by an authorized BMW Motorrad USA Retailer.

A. Single-Ignition Engines (2003 Model year and earlier)

Left Carbon Fiber Cover	11 12 7 676 473
Right Carbon Fiber Cover	11 12 7 676 474
Left Aluminum Cover	11 12 7 676 475
Right Aluminum Cover	11 12 7 676 476
M6X30 Screw (one required per cover)	07 11 9 900 847
M6X35 Screw (one required per cover)	07 11 9 900 687

B. Double-Ignition Engines (2004 Model year and later)

Left Carbon Fiber Cover	11 12 7 680 433
Right Carbon Fiber Cover	11 12 7 680 434
Threaded Sleeve Cap (two required per cover)	11 14 7 675 699
Head Stud (two required per cover)	11 12 7 680 077

R 1150 RT

16

17

16] R 1150 RT Lockable Side Stand

Standard on BMW RT Authority models, the locking side stand is designed to help prevent side stand roll-offs when parked. The side stand 'locks' in the down position and will not spring back in the conventional manner. The operator must manually release the stand in order to stow it. Caution must be used when installing and operating the locking side stand. Consult your BMW Motorrad Retailer for installation and model application information.

Locking Side Stand Plate	99 99 0 000 479
Locking Side Stand Leg	99 99 0 000 478
Bracket	46 52 2 316 897
Lock Nut	61 33 1 459 545

17] Handy Clip-On Note Pad Holder

Made of stainless steel with a spring-loaded clip, excellent for holding notes or other paper items. *NOTE: Not for use while motorcycle is in motion.*

99 00 0 001 824

18] Comfort Seat

Designed with a flatter, wider cushion with additional padding to enhance the rider's comfort on any model year R 1100 RT or R 1150 RT.

71 60 7 654 460

18

19] Bike Covers

Anytime you park your bike for an extended period or during wet weather, protect it with this All-Season BMW Cover. It resists the effects of storms, sunlight and cracking in cold weather. For indoor storage, use the BMW Dust Cover to keep your bike dust-free and protected. See page 110 for more details.

All-Season Cover	99 99 0 000 593
Dust Cover	99 99 0 005 519

19B

R 1150 RT RADIO

R 1150 RT AM/FM Stereo Radio Cassette Player

Manufactured by Clarion and designed expressly for BMW R 1150 RT motorcycles. The unit is mounted in the left side storage compartment, where it may be operated conventionally while the motorcycle is parked. Underway, the radio can be operated via the included handlebar controller. Also included is an LCD dash mounted display panel for heads up system information at all times.

This kit includes everything necessary for a complete installation on motorcycles with option 769 (radio prep package) included. It is strongly recommended that installation be performed by an authorized BMW Motorrad USA Retailer. Motorcycles not pre-wired for radio will require a harness upgrade.

Kit includes:
- AM/FM Stereo Radio / Cassette Player
- LCD Dashboard Display
- Handlebar Controller
- Mounting Hardware

R 1150 RT Radio Kit 99 99 0 000 579

Kit Includes: • Radio • Display Panel • Handle Bar Remote • Dash Board Remote

2

3

4

1] Radio features:

- Stereo AM/FM with easy-access six-station programmable buttons.
- Can store up to 24 preset stations. 18 FM and six AM – FM1, FM2, FM3.
- Built-in stereo tape cassette with reverse button.
- Large ON/OFF/volume control button.
- Station scan feature.
- Button for toggling between automatic and manual station scan.

TA/RDS feature:

- TA: The program type PTY is activated and news displayed along with the PTY symbol.
- RDS: Radio Data System is displayed together with the name of the current station, subject to individual stations broadcasting RDS information.
- Individual UP/DOWN station search buttons.
- Audio button for fine-tuning speaker characteristics – bass, treble.

2] Remote control features:

- Mutes.
- Switches from radio to cassette or vice versa.
- Reduces sound to 20dB.
- Calls up stored stations.
- Scans stations.
- Controls volume.

3] LCD digital display features:

- Digital Display
- Channel Indicator
- AM/FM Symbol
- MAN Symbol
- LD Symbol
- PTY Symbol
- TA Symbol
- TP Symbol
- REG Symbol
- RDS Symbol

4] Supplemental Storage Box

If you decide not to add the radio, use the storage box as a handy compartment for stashing small items in a safe, accessible space.

65 14 7 655 643

5] Wide-Band Loudspeakers (Not shown)

These loudspeakers can be easily installed in the BMW touring fairings and have an output of 25/90 watts.

65 13 2 325 462

Technical Information:

- **Radio:** PLL Synthesizer Tuner
- **Waveband frequencies:**
  AM – 531 to 1602 kHz FM – 87.5 to 108 MHz
- **Cassette player:**
  Playback system: Auto reverse, 4 tracks, 2 channels, stereo cassette playback with programs (mono also possible).
- Power requirement: 14.4 V DC, negative pole to ground.
- **Power consumption:** Less than 6A at full power.
- **Speaker impedance:** 4ohms x 4.

ESSENTIALS

Power, performance and state of the art engineering make riding your BMW motorcycle a truly thrilling experience. It is no secret that owners love to hit the open road. It is for this reason that we provide a variety of safety and maintenance equipment designed to keep you and your BMW motorcycle up and running. Keeping these essentials on hand helps keep you prepared.

1

2

3

1] BMW Tire Pump
Handy, compact, manually operated pump fits in most BMW cases. Easy to operate.

71 11 1 234 860

2] Tire Repair Kit
For emergency repairs. Stores easily in tool compartment, tank bag or side case. Highly recommended for long rides.

Tubeless Tire Repair Kit	71 11 2 332 083
63-Gram CO2 Cartridge	71 11 2 300 236

3] Heavy-Duty Tire Pressure Gauge
Portable and shock-resistant gauge, encased in a rubber housing, with easy-to-read numbers. Features a release button that holds the pressure reading until you finish checking it. Comes with a handy storage pouch.

82 12 0 140 377

4] Gel and Flooded Lead Acid Battery Charger
Programmed specifically for gel type batteries that were standard equipment on 2004 model year motorcycles. Will also safely charge older 'flooded' lead-acid batteries and newer AGM batteries. *NOTE: 2005 Model year and later, disconnect the battery before charging.*

99 99 0 005 656

4

5

5] U-Lock
Made from high-tensile steel for maximum protection against bolt cutters, or being pulled or twisted off or drilled open. Tensile strength factor up to eight tons. Special holder allows lock to be stored compactly in BMW cases.

71 60 2 340 153

6] Tie-Down Straps
Very durable design can withstand severe loads – for attaching additional equipment safely to your motorcycle. The roller buckle enables the straps to be adjusted quickly.

72 60 2 304 808

7] Elastic Luggage Straps
Sturdy, nylon-covered permanently elastic rubber is specially designed for attaching equipment, such as the BMW luggage roll.

72 60 9 057 579

8] Security Cable Lock
Long, flexible lock allows you to secure your motorcycle to posts, pylons, etc.

COMMUNICATION AND GUIDANCE

NAVIGATOR II

BMW Motorrad Navigator II

The BMW Motorrad Navigator II. The best in motorcycle navigation is now at your fingertips with touch screen capabilities! Basic North American map data is pre-programmed into the unit. Load the included City Navigator™ v5 CD-ROM for an incredible level of additional mapping detail just one touch of the screen away. Select Food & Drink (for example) and this incredible GPS unit returns restaurants, scored by proximity to your current location. Sort by subcategories (German, Italian etc.), select a destination and direct the BMW Motorrad Navigator II to route to it. Turn-by-turn directions, with voice prompts, clearly guide you along the way. When you are ready to resume your trip, the Navigator II re-calculates and returns you to your previously chosen route. Because there are times when traveling by car is inevitable, a portable beanbag mount, auto power cord with speaker, even a full function IR remote are included. The exclusive BMW advanced motorcycle mount cradle remains on your motorcycle and is an extended operation device featuring four essential buttons (IN and OUT zoom buttons, ENTER and ESC) that allow full left-hand functionality while wearing even the bulkiest gloves. This cradle also has an audio connector for helmet loudspeakers; verbal direction prompts are available in your choice of nine languages. Another essential feature for motorcyclists; the housing, cradle and display screen are gasket sealed, resistant to splashed gasoline (and its vapors) and extremely water resistant.

- Faster and better performance.
- A full-featured trip computer with satellite compass that automatically creates routes with turn-by-turn directions.
- Advanced motorcycle mount for easy left-hand use. BMW leads the way in motorcycle navigation equipment.

Outfit your steed today and ride with confidence. (see specification listing elsewhere).

New Features of the Navigator II
The Navigator II is designed specifically for motorcycle use and is the best GPS system on the market for use while riding. Improvements vs. previous Navigators include:

Simple Operation
- The Navigator II touch-screen eliminates tedious 'scrolling' to select destinations. Simply enter the street address and name directly on the full screen 'virtual' keyboard. Non-relevant 'keys' are blanked as you progress, quickly narrowing your search.
- Everything needed for automobile use is also included - a convenient infra-red remote, a beanbag dash mount and an auto power cord with speaker.

Faster and Better Performance
- When programming the unit, a high speed USB connection makes map data transfer from PC to Navigator almost instantaneous.
- The included 512MB CompactFlash® memory card can store almost 4 times as much detailed map data as the 128MB card.
- On the road, a high-speed RISC processor (5 times faster than before) cuts route calculation wait times to a minimum.

Motorcycle Specific Features
- A motorcycle mount cradle designed exclusively for BMW is included. The cradle repositions four essential buttons (IN and OUT zoom buttons, ENTER and ESC) allowing easy left hand control even while wearing winter gloves. A headphone jack allows verbal prompts through a VOICE com unit or helmet headset.
- To protect your investment, the Navigator display screen, housing and cradle are gasket sealed and fuel (and fuel vapor) resistant as well as being extremely water resistant.
- An internal satellite antenna improves the unit's appearance and portability.

- Automatically create routes with turn-by-turn directions
- Advanced motorcycle mount for easy left-hand use
- Portable; multi-vehicle use
- City Navigator™ v5 CD software included
- Full-featured trip computer with satellite compass

NAVIGATOR II

Receiver

Housing
Size: 3.7" x 6.8" x 2.6" (H x W x D) – Total Weight: 1.21 lb.
Temp Range: -5˚ F to 158˚ F – Water resistant to IPX7 standard
NEW BMW Advanced Mounting Cradle (AMC)

Power Supply
12~24 VDC, 6 Watt max, motorcycle, auto, and 110VAC power adapters included. Optional: Li-Ion battery pack (2-4 hr. life) with re-charging unit

Interfaces
Power supply, USB port (ver. 1.1), infrared port, audio connection out (2.5mm jack on cradle) – External Auxiliary Antenna Hookup (MCX type) – CompactFlash® slot (type I & II compatible)

GPS Receiver
PhaseTrac 12® - 12 channel receiver; parallel reception of up to twelve satellites – NEW Internal built in GPS Antenna

GPS Detection Performance
Cold: 45 seconds – Warm: 15 seconds; updated once per second continuously

GPS Location Accuracy
Position within 15m, 95% typical (subject to degradation to 100 m2 DRMS under Selective Availability Program, US DoD)

GPS Speed Accuracy
0.05 m/s permanent state

Display
NEW Touch Screen Display – High resolution, high contrast, anti-reflective, 8 bit-256 color LCD display. Large 1.7" x 3.3" (160 x 305 pixel) display size; backlit w/automatic nighttime viewing adjustment.

Software

Navigation
Turn-by-Turn route navigation with voice and display prompts, optimize route calculation for less time, shorter distance or straight line 'as the crow flies'. Automatic route re-calculation upon route deviation.

Display Menu Languages
Select display guidance in English, Spanish, German, French, Italian, Danish, Dutch, Swedish, Finnish, Hungarian, Czech, Norwegian, Portuguese or Polish

Voice Output Languages
Select voice guidance in American English, British English, Spanish, German, French, Italian, Danish, Dutch or Swedish

Trip Computer
Four-trip computer can log current speed, average speed, odometer with reset, clock, average and maximum speed, elapsed time, time at standstill and total time

Map Data
Unit includes basic map data for USA and Canada with expressways, country roads, important main roads and BMW Motorrad Retailers noted. MapSource(R) City Navigator CD with detailed data for the enabled region (restaurants, hotels, shopping and sight-seeing, etc.) may be directly loaded via included CompactFlash® card.

Memory

Data Card Capacity and Type
512MB – NEW CompactFlash® Data Card - Type 1 & Type 2 compatible

Data Memory
Distance covered, waypoints and routes are stored in internal flash memory, no backup battery required.

Route Memory Capacity
Up to 50 routes with 50 waypoints each, up to 500 of which can be programmed with name and/or graphic symbol.

Compass Function
Display of direction travelled or direction to next waypoint, distance/time to next waypoint, speed

Included Extras
NEW Full Featured IR Remote for automobile use. Bean bag portable auto mount, auto power cord with speaker also included.

Approvals
CE (EMC Directive 95/54/EC), FCC, E Mark

Navigator II Accessories

1] 'Function' Carry Bag, Navigator II
Expanded carry bag for any model BMW Motorrad Navigator. Adjustable partitions offer room for the Navigator, battery pack, plug-in power supply, cable and accessories. Versatile design with shoulder strap converts to belt-pack in moments. Light colored interior keeps contents in plain view. Doubles as an excellent camera bag. Nylon construction. 10"x5"x4". Imported

71 60 7 683 161

2] Carry Bag, Navigator II
Form fitting bag perfect for protecting the Navigator II when off the motorcycle. Two-tone bag includes a small inner zip pocket and loops for shoulder strap. Polyester material 7 1/2" x4 1/2" x 3". Imported

71 60 7 670 375

3] Advanced Mount Cradle, Navigator II
BMW Motorrad's exclusive Navigator cradle mounts permanently on the motorcycle and allows left-handed control of functions tailored to the motorcyclists' unique environment. Included are IN and OUT zoom buttons, along with ENTER and ESC. The large form factor allows operation even while wearing bulky winter gloves and offers an acceptable alternative to the (still active) touch-screen control. Additional cradles are available for those that wish to use their Navigator II on more than one motorcycle. *NOTE: The advanced mount cradle will function ONLY with the BMW Motorrad Navigator II. Other GPS units will not function in the cradle.*

72 60 7 679 219

4] Navigator II/VOICE Com System Cable
Combined power cable for Navigator II and VOICE System. Cable is required for Navigator + VOICE installations on K 1200 LT.

61 12 7 689 956

Apply for the BMW credit card today and begin to take advantage of BMW Center Dividends.

NAVIGATOR II

5] Aux Power Device 110V, Navigator II
Converter allows Navigator II to be used off bike. Handy for trip planning, uploading maps from your PC and review routes.

72 60 7 679 217

6] Compact Flash 512MB Memory Card, Navigator II
Industry standard digital storage in a generous 512MB size.

72 60 7 685 836

7] USB Programming Cable, Navigator II
Load maps and routes from your PC directly into your Navigator II.

72 60 7 685 840

8] Navigator II/VOICE Com System Cable
Special connecting cable matches Navigator II and VOICE System audio outputs, reducing interference. Cable is required for Navigator + VOICE installations K 1200 LT and R 1200 CL.

K 1200 LT 71 60 0 397 415
R 1200 CL 99 99 00 20 364

9] Portable Power Pack, Navigator II
Li-Ion battery includes 110V charger. Snap it on the back of the Navigator II and get up to four hours of vehicle-independent operation. Great for sailing, mountain biking or wherever your adventure takes you.

72 60 7 679 224

NAVIGATOR I ACCESSORIES

Navigator I Accessories
Make your Navigator I fully portable. Take it along in your car or plug it into your computer at home.

1] Remote Mount Antenna for K1200LT, Navigator I
Replaces 'fixed mount antenna' (Item No. 5) to allow Navigator installation on K 1200LT.

99 99 0 000 264

2] Car Mount, Navigator I
(Requires non-skid mount, see Item No. 5) 99 99 0 000 262

3] Non-Skid Mount, Navigator I
(Requires Car Mount, Item No. 2) 99 99 0 000 263

4] AC/DC Adapter, Navigator I
(Batteries not required)
Save your batteries with this handy Adapter that lets you connect your Navigator right to your computer.

99 99 0 000 260

5] Fixed-Mount Antenna, Navigator I
Standard Navigator I antenna for most applications. (K1200LT use Item No. 1, above)

71 60 7 670 580

6] Power Adapter with Speaker, Navigator I
Adapter plugs into standard lighter socket and supplies power for your Navigator I. Built in speaker announces Navigation audio prompts while driving.

99 99 0 000 266

7] 128 MB Data Card, Navigator I
Stores large selections of detailed street maps. Keep an extra card loaded with the journey's next two time zones worth of info for quick roadside updates.

99 99 0 000 598

8] BMW Navigator Case, Navigator I
Rugged nylon carrying case features spacious zippered compartment for BMW Motorcycle Navigator, plus additional zippered storage for CD-ROMs and small items. Preformed hard shell on bottom provides superior protection. Color: Black

99 99 0 000 416

9] GPS Visor, Navigator I

99 99 0 000 603

V.O.I.C.E INTERCOM • K 1200 LT 2005

V.O.I.C.E. System Operation

The system is configured at the control unit. Three buttons allow for all necessary adjustments and settings.

- The first button selects the function desired; Lit LED's indicate selection
- The two remaining buttons allow for adjustments of the selected function

Possible adjustments include:

- Master Volume Control: sets rider/passenger helmet volume levels.
- Intercom Response Threshold Control: automatically lowers program volume while talking.
- Privacy Mode: Available only to the rider, this feature allows rider phone use without including the passenger in the conversation.

VOICE Intercom Accessory Compatibility

CB Radio

The new CB Radio, PN 99 99 0 006 074 is designed to operate with the VOICE Com System installed. The CB ships with the required PTT (Push To Talk) button and only requires an antenna (PN 65 21 2 337 380) to complete the package.

FRS Radio

The LT VOICE System will accommodate use of the Kenwood Free Talk® 2-way family radio available from BMW (PN99 99 0 999 041). This installation will require VOICE FRS cable (PN 65 41 2 337 298) and a PTT button (PN 65 41 2 337 302).

Navigator

A special RF filter cable (PN 71 60 0 397 415) is required for Navigator + VOICE operation. Also required is a dual power cable (PN 61 12 7 689 956).

Additional Notes:

- Rider supplied components may require custom connection cables not available from BMW.
- Recommended installation by authorized BMW Motorrad USA Retailers only

VOICE Com System (K 1200 LT Model Year 2005)

Housed in the tank top glove box, the BMW VOICE Communication System functions as an intercom between rider and passenger while ensuring optimal connections and operations for radio, two-way radio, cell phone and navigation system. Listening volume and microphone response levels are automatically adapted to the ambient noise level, allowing you to stay focused on operating the motorcycle.

- The system consists of a control unit, wiring loom and front and rear headset sockets.
- The control unit connects to the radio/CD player and headset sockets with wiring loom.

BMW V.O.I.C.E. Intercom System
Housed in the right-hand saddlebag, the BMW Voice System ensures optimal connections and operations for radio, two-way radio, CB radio, cell phone, navigation system, external audio system and intercom. Listening volume and microphone response levels are automatically adapted to the ambient noise level. This versatile system automatically keys riders' microphones and lowers program volume, allowing you to stay focused on operating the motorcycle. Custom connection cables may be necessary for rider-supplied components. Your BMW Motorrad USA Retailer can help you configure the installation to your specifications. The system consists of a control unit, two wiring looms, front and rear brackets with com plugs and a storage bag. Available accessories include Push-to-talk Switch and Antennas.

CB RADIO • K 1200 LT • R 1200 CL

BMW Handlebar Mounted CB Communicator

Designed specifically for the BMW K 1200 LT and BMW R 1200 CL, the BMW CB Communicator is durable and compact while offering numerous valuable functions. Weighing under a pound, it is mounted directly on the clutch lever fluid reservoir cover, keeping the controls and the clear display within easy reach of the rider at all times. This lightweight unit is a full featured 40 Channel CB Transceiver with maximum output allowed (up to 4 watts) per FCC Part 95 rules, and high-level modulation. Includes hi/lo transmission power switch and built in AGC(automatic gain control). A phase-locked-loop synthesizer provides clear transmission and reception on all CB channels. The unit also receives ten channels of weather radio information (7 NOAA and 3 international marine). An auxiliary audio input is included for your MP3 player, CD player or warning device. A filtered power supply and shielded cables reduce interference and static to a minimum. Push-To-Talk (PTT) switch and all hardware necessary for handlebar mounting are included.

The large channel display window is positioned within the instrument gauge sight-line with all radio controls close by the left hand. The BMW CB communicator will help you keep it all together out on the road in typical BMW style. Get yours today!

CB Antenna R 1200 CL 71 60 7 674 126

HEADSETS AND CORDS

Next generation headsets for use with Com and V.O.I.C.E. communication systems utilize revised electronics to tailor the low frequency response curve, improving wind and ambient noise reduction. RF interference potential when using a CB radio has been reduced and microphone boom lengths have been modified for comfort as a result of customer feedback. A redesigned 'trim boot' for the full face chin-bar microphone further reduces unwanted noise. Upholstered speaker pads are included. Connecting cords available separately in two lengths for rider and passenger.

NOTE: Helmet speakers are not legal in all states. Check local laws BEFORE using this product. BMW Motorrad USA and BMW of North America LLC, cannot control the circumstances surrounding the sale of this equipment, the quality of installation, or the specific helmet into which this equipment is installed. Accordingly, BMW Motorrad USA and BMW of North America LLC make no warranties, express or implied, related thereto. A helmet with this equipment installed may, or may not, protect the user from injury. The user assumes all liability in conjunction with accidents, injuries, or losses of any kind arising out of the use of this product. Additionally, this product should not be used in any way that would impair the user's ability to hear traffic or other noises. Accordingly, the volume level should be kept low or off, depending upon the circumstances.

1] Kenwood FreeTalk® Two-Way Radio

The Kenwood FreeTalk® two-way radio provides bike-to-bike communication from half a mile to two miles, depending upon terrain. Operates for 40 hours on three AA batteries or rechargeable battery pack. Provides 14 channels and 38 talk groups. Can also be unplugged and used as a walkie-talkie. *NOTE: FCC requires PTT switch for motorcycle operation.*

99 99 0 000 041

2] BMW FRS Connection System

Developed to connect a Kenwood FreeTalk® receiver to the BMW Helmet Headset. The kit includes a removable (Velcro®) PTT switch with coil cord, enabling communication between the rider, passenger and other riders in the group, using a Kenwood FreeTalk®. Unit is portable and perfect when you own more than one motorcycle. (BMW ComSystem unit is not required.)

One system, many applications

The BMW FRS Connection System gives you multiple applications: If the rider and passenger have the FRS Connection harness and an FRS radio, they can communicate with each other, as well as with fellow riders. The system comes equipped with the universal PTT switch that is required for communication, which attaches easily to the handlebar or other areas via a Velcro® strip. Motorcycle passengers usually attach the PTT switch to a jacket, belt loop or nearby handhold.

Earn points toward something you really care about.

Carry the BMW Platinum Visa® Card and the performance of your BMW goes wherever you go. Plus, with the optional BMW Rewards Package, every purchase you make earns points toward the care of your BMW. It's the perfect complement to your lifestyle.

More power with every purchase.

Call 1-888-BMW-CARD and experience the power and performance of the BMW Platinum Visa Card.

Important Information

Annual Percentage Rate (APR) for purchases	10.49%
Other APR's	Cash Advance APR: 12.50%. Balance Transfer APR: 10.49%. Default APR: 24.49% See explanation below.*
Variable rate information	The APR for purchase transactions, cash advances and balance transfers may vary.The APRs are determined monthly by adding a margin to the Prime Rate.** Purchase margin: 5.99%. Cash Advance margin: 8.00%. Balance Transfer margin: 5.99%. Default margin: 19.99%. See explanation below.*
Grace period for repayment of balance for new purchases	No less than 22 days from the statement closing date if the New Balance Total is paid in full each month by the Payment Due Date.
Method of computing the balance for purchases	Average daily balance (including new purchases)
Annual fee	No annual fee.
Minimum finance charge	$0.50

Transaction fees for cash advances: the greater of 3% or $5.00. Balance transfer fee: the greater of 3% or $5.00. Late payment fee: $15.00 if the current balance is less than $100, $29 on current balances of $100 up to but not including $1,000, and $35 on balances of $1,000 and over. Over-the-credit-limit fee: $29.

* The periodic rates and corresponding APRs on all balances may increase for any of the following reasons: you fail to make a payment to us when due, you make a payment to us that is not honored, or your Account is otherwise in default under the cardholder agreement you have with us.

** The Prime Rate used to determine your APRs is based on a variable rate index.The index we use is the highest domestic bank "prime rate"as published in the "Money Rates"section of The Wall Street Journal.We determine your APRs for each billing cycle by adding the margins shown above to the Prime Rate published on either the first or last business day of the calendar month immediately preceding the beginning of the billing cycle, whichever is higher.

IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT
Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account.When you open an account, we will ask you for your name, address, date of birth, and other information that will allow us to identify you.We may also ask to see your driver's license or other identifying documents.

The information about the costs of the card described above is accurate as of September 1, 2004.This information may change after that date.To find out what may have changed, call us at 1-888-269-2273 or write to us at P.O. Box 3038, Evansville, IN 47730.

Applicant(s) ("you") request a credit card.You certify that the information you provided in your BMW Card Application ("Application") is true, correct and complete. You give us permission to request information from you and to make whatever inquiries we consider necessary and appropriate (including requesting a consumer report from consumer reporting agencies) in considering granting you credit and for the purpose of any updates, renewals, extensions of credit, reviewing or collecting your account, or for any other lawful purpose.You understand that the credit card cardholder agreement ("Agreement") that you will receive with your credit card provides for the compounding of finance charges. Please be sure to include your name, address, telephone number, account and Social Security number with your correspondence.You also agree that there is no agreement between you and us until we approve your Application and issue your credit card. Cards are issued and credit is extended by BMW Bank of North America, Salt Lake City, Utah, and you agree that the Agreement will be deemed to have been made in Utah if and when BMW Bank of North America issues your credit card, and you agree to be bound by the terms of the Agreement.

California: A married applicant may apply for a separate account.We will not disclose marketing information about you to marketers of goods if you call us at1-888-BMW-CARD. **Delaware:** Service charges not in excess of those permitted by law will be charged on the outstanding balance from month to month. **Maryland:** Finance charges will be imposed in amounts or at rates not in excess of those permitted by law. **New York:** Upon request you will be informed whether or not a consumer report was requested and, if a report was requested, the name and address of the consumer reporting agency. New York residents may contact the New York State Banking Department to obtain a comparative listing of credit card rates, fees and grace periods. New York State Banking Department 1-800-518-8866. **Ohio:** The Ohio laws against discrimination require that all creditors make credit equally available to all credit worthy customers and that credit reporting agencies maintain separate credit histories on each individual upon request.The Ohio Civil rights commission administers compliance with this law. **Washington:** If your credit references and/or history may be verified in another name, you should indicate that name above. **Wisconsin:** No provision of a marital property agreement, a unilateral statement under section 766.59 or a court decree under section 766.70 adversely affects the interest of the creditor unless the creditor, prior to the time the credit is granted, is furnished a copy of the agreement, statement or decree or has actual knowledge of the adverse provision when the obligation to the creditor is incurred. **Married Wisconsin Residents:** We are required to ask married residents of Wisconsin applying for an individual account or a joint account with someone who is not their spouse to give us the name and address of their spouse, regardless of whether their spouse may use the card. Please furnish the name and address of your spouse to: BMW Bank of North America, P.O. Box 3038, Evansville, IN 47730.

ADD-ONS

15] BMW Tank Bags

Engineered to give you convenient, additional storage, these expandable bags are available for all BMW motorcycle models. Each bag features a map pocket that can double as handy storage for tokens or a toll transmitter such as Fast Lane or E-ZPass. Some bags don't have to be removed when you are refueling. When you stop to fill up, simply unzip the bag around the bottom and flip it on its back while you're filling your gas tank. All bags are water-resistant and can double as a convenient carry-on for airline travel. The detachable features of these bags are unique to the BMW tank bag system. All bags come with a plastic rain cover.

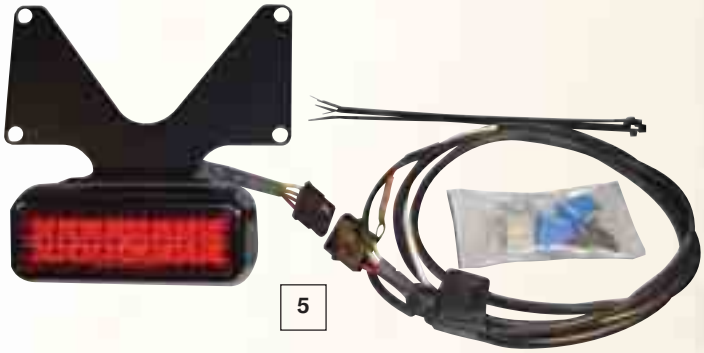
5] Supplemental LED Brake Light

Bright Brake Light Kit - Mounted on the license plate bracket, supplemental tail/brake light jumps into action when brakes are applied; flashing quickly four times, then remaining lit in a super-bright steady state until the brake is released. A 1" x 4.25" lighted area is comprised of two rows of high intensity LED modules; 16 modules in all that are bright and effective at wide viewing angles. Unit is powered directly by the battery acting through an electronic relay built into the light bar. Includes durable powder-coated mounting bracket, hardware and mounting instructions. Stand out from the pack! Increase rearward visibility with the BMW Bright Brake Light Kit. Not applicable to R 1200 GS.

99 99 0 006 640



5

6] Top Case Brake Light Strip Kit (K 1200 LT)

Utilize this high-mount supplemental brake light kit to make sure you're seen. Kit includes top-mounted rack for case with integral LED brake light bar. *NOTE: For K 1200 LT manufactured after July 2000.*

COVERS

BMW Motorcycle Cover

Don't park your bike overnight or for the winter without the protection of the BMW motorcycle cover. Anytime you park your bike for an extended period or during wet weather, protect it with this All-Season BMW Cover. It resists the effects of storms, sunlight and cracking in cold weather. Double-stitched to ensure against seam slippage and dust penetration. Features aluminized heat-resistant panels for hot engine and muffler. Includes super-soft windshield protection panel on the interior, clear license-plate panel, handy oversized storage pouch and wire-reinforced sewn-in vent for appropriate circulation and sewn-in slits for antennas.

Cover benefits:
In addition to the standard features listed, each cover is custom designed to fit its respective model.

K 1200 LT
- Dual flaps to accommodate both radio and CB antennas.
- Abundant windshield and paint protection.

99 99 0 000 589

K 1200 RS
- Room to accommodate saddlebags.

99 99 0 000 590

F 650 GS
- Room to accommodate saddlebags and a top case.
- Designed to 'fit' when the motorcycle is parked with the handlebars turned and locked.

99 99 0 000 591

R 1200 C
- Designed to 'fit' when the motorcycle is parked with the handlebars turned and locked.
- Room to accommodate saddlebags, windshield and passenger backrest.

99 99 0 000 592

R 1150 RT
- Room to accommodate a top case.

99 99 0 000 593

R 1150 GS
- Room to accommodate saddlebags.
- Abundant windshield and paint protection.

99 99 0 000 595

R 1150 R
- Room to accommodate saddlebags and windshield.
- Expanded heat-resistant material.

99 99 0 000 594

R 1150 RS
- Room to accommodate saddlebags.

99 99 0 000 597

R 1100 S
- Room to accommodate saddlebags.
- Expanded heat-resistant material.

99 99 0 000 596

R 1200 CL
- Room to accommodate saddlebags and windshield.

CLEANING AND MAINTENANCE

CLEANERS

1] BMW Motorcycle Wheel Cleaner
Keep your wheels like new with easy spray-on cleaner for removing brake dust and everyday road grime. Easy to spray on and hose off. Do not use in direct sunlight.

99 99 0 000 578

2] BMW Motorcycle Detailer
Fast and easy, BMW Motorcycle Detailer is ideal for all finishes, including fiberglass and chrome trim. Removes fingerprints, light dirt, water spots, and road bug debris without rewaxing. The newest concept in motorcycle finish maintenance.

99 99 0 000 580

3] BMW Carnauba Wax 500 ml (For painted surfaces)
Preserves BMW paintwork after thorough cleaning. High quality natural wax (Carnauba) provides long term protection from the effects of the weather. Not for use on plastic parts. Produced in Germany. 500ml.

83 12 0 002 719

4] Plastic Windscreen Cleaner
Removes haze and light scratches from plastic windshield. Follow up with plastic polish, below.

82 14 1 467 128

5] Plastic Windscreen Polish
For use on prepared and cleaned windscreens. Final step in removing haze and returning your plastic screen to a crystal clear shine.

82 14 1 467 129

6] Cockpit Spray Plastic Care 200 ml
Silicon-based deep-conditioning product for all plastic surfaces. Restores brittle and faded plastic to a silk-matte finish. Anti-static effect. Not for use on hand-grips or seats. Produced in Germany. 200ml pump spray bottle.

83 12 9 407 769

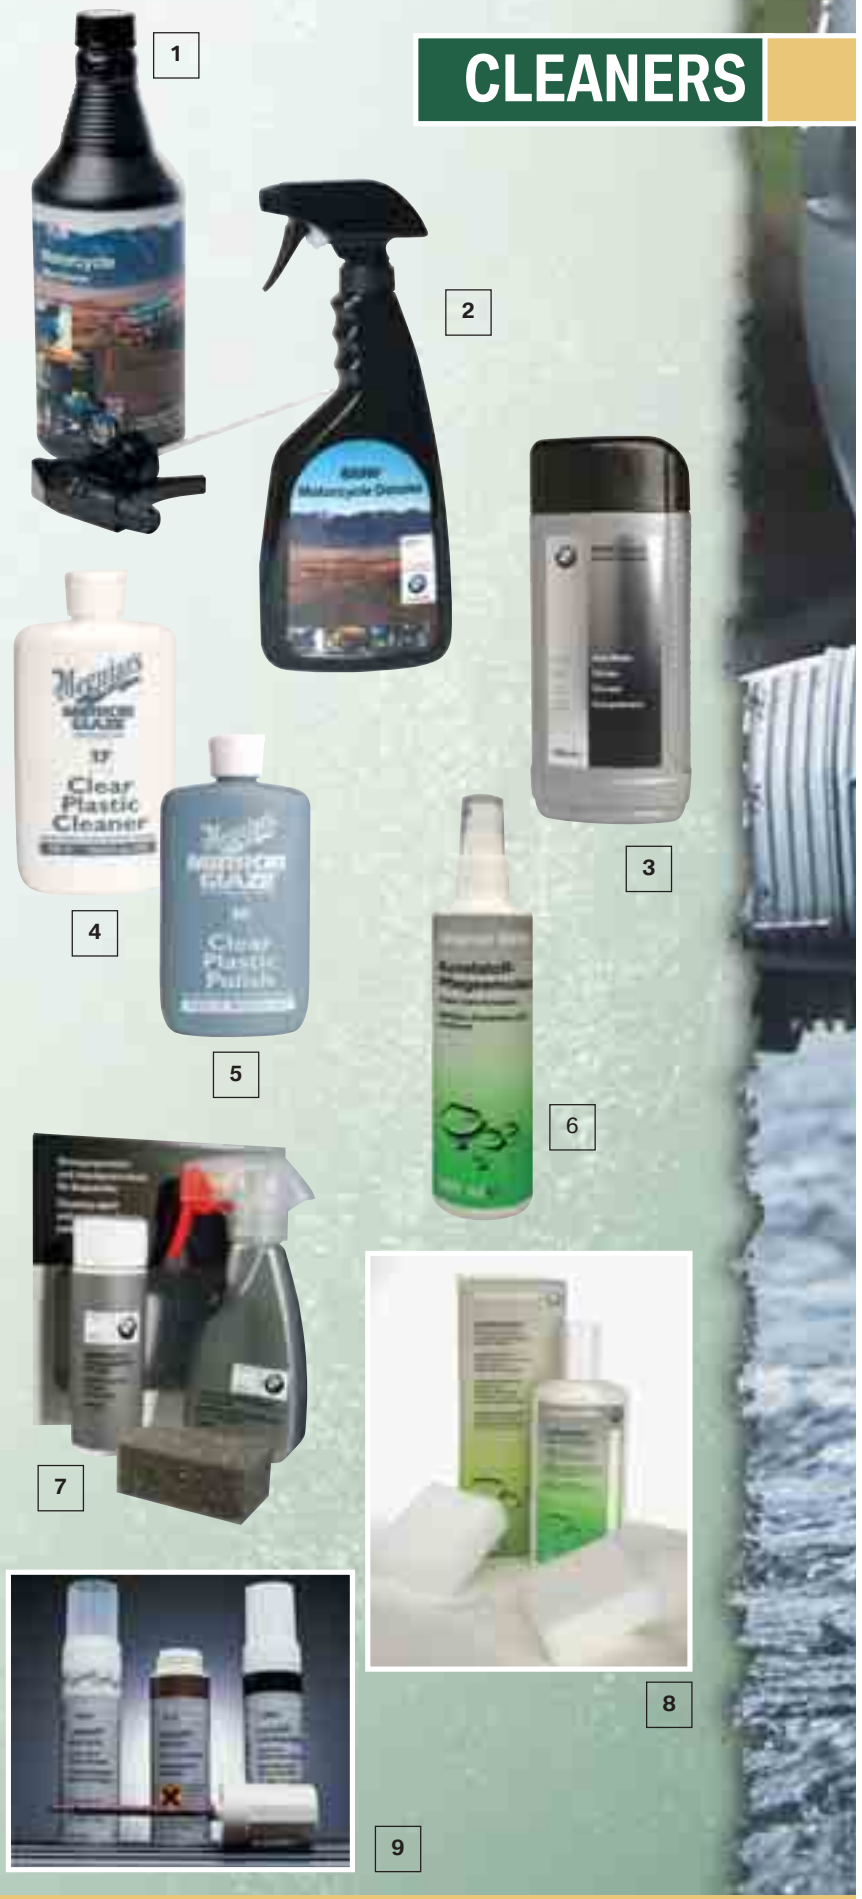
7] BMW Riders' Apparel Care System
Designed to clean and protect BMW riding apparel textiles and leathers. Three kits are available, each with the cleaning and impregnating capabilities appropriate for textiles or leather: Textile Care Kit, Nappa Leather Kit and Nubuck Leather Kit. Each kit contains one 150-ml bottle of Cleaning Solution and one 250-ml bottle of Impregnation/Conditioning Spray, a sponge and detailed instructions. Solvent-free, biodegradable and environmentally harmless. Easy to use and costs less than leather cleaning or dry cleaning.

Nubuck and Suede	72 60 7 673 861
Nappa Leather	72 60 7 673 859
Textile	72 60 7 673 860

8] Leather Care Spray with Anti Static
Cares for, protects and cleans treated leather. Includes UV protection. High-quality oils preserve the natural qualities of the leather. Package includes three sponges, five cleaning cloths, two disposable gloves and 375ml of leather lotion. Produced in Germany.

83 12 0 140 448

9] BMW Original Touch-Up Paint
Touch up road nicks and chips with BMW Original Touch-Up Paint. Select the color that matches your motorcycle. Contact your local BMW Motorrad USA Retailer for additional information on color selection for your BMW motorcycle.



LUBRICANTS

1] BMW Motorcycle Grease
Excellent for re-packing wheel bearings and other hard-to-assemble components.

99 99 0 000 600

2] BMW Motorcycle Lube
Recommended for use with clutch plate, input shaft, rear drive, rear wheel and drive shaft splines, side stand and center stand pivots. Available in a convenient 25-gram resealable tube.

99 99 0 000 601

3] Multi-Purpose Kluberpaste MR401
A great multi-purpose lubricant for your toolbox. Suitable as lifetime assembly lube and for parts subject to fretting corrosion. Boasts a high load carrying capacity over a wide temperature range. Use on spline shafts, ball joints and adjusting screws; and on rubber o-rings, v-rings and collars to extend service life. Exhibits neutral behavior toward most plastics and rubber. Modern water-resistant formulation contains no lead, cadmium or halogens.

99 00 0 005 111

4] Hylomar Universal Gasket
This polyurethane based adhesive sealing compound displays excellent thermal, mechanical and chemical resistance qualities. Especially suitable for highly stressed sealing joints, with an application temperature range from -50°C to +250°C, Hylomar is resistant to mineral and synthetic oils as well as lubricants, fuels, additives, air, gases, water and water/antifreeze blends. To use, apply to clean surfaces and wait 10 minutes for solvent to evaporate. Assemble the joint, bolt down and retighten after a few minutes.

81 22 9 400 339

5] Fork Oil
Specially formulated with a high viscosity index to reduce fade and provide smooth, consistent damping. Conditions seals while preventing wear, corrosion and leaking.

A. 1 liter 10W-grade	31 42 9 062 158
B. 1 quart 7.5W-grade	07 53 1 467 609

6] BMW Antifreeze/Coolant
Specially formulated for BMW. Protects your engine year 'round. Contains no nitrates or phosphates. Provides protection for metals such as cast iron, steel and aluminum.

1 gallon	82 14 1 467 704

7] BMW DOT 4 Brake Fluid
It is as important to change your brake fluid as it is to change your engine oil. Ensure longevity and performance with timely brake-fluid changes. Hand-size containers allow you to maintain proper fluid levels.

12 ounces	81 22 0 142 156
1 gallon	81 22 0 142 155

LUBRICANTS

8] BMW Special Performance Engine Lubricant
In three weights (10W 40 – winter, 20W 50 – summer, 10W 50 – all-season). A blend of highly refined paraffin-base oils. Fortified with additional components to provide enhanced protection against wear, oxidation, corrosion and viscosity loss.

1 quart 10W 40 (Case of 12 qts.)	07 51 1 467 607
1 quart 20W 50 (Case of 12 qts.)	07 51 1 467 608
1 quart 10W 50 (Case of 12 qts.)	07 51 1 467 613

9] BMW Super Synthetic Engine Oil
Recommended for all BMW motorcycles after 1970. High performance synthetic provides high load carrying characteristics, minimum foaming, and exceptional resistance to thermal degradation. Exclusive chemistry reduces internal friction and enhances power output under extreme service conditions.

15W 50 (1 quart)	07 51 0 394 083

10] BMW Gear Oil 80W90 GL-5
Superior gear lubricant blended specially for motorcycle transmissions, rear axles and final drives where a GL-5 EP fluid is recommended. Available in 12-quart cases.

80W 90 GL-5 (12qt. case)	07 51 1 467 611

11] BMW Super Synthetic Gear Oil
Recommended for all BMW motorcycles after 1970. High performance synthetic provides high load carrying characteristics, minimum foaming, and exceptional resistance to thermal degradation. Exclusive chemistry reduces internal friction and enhances power output under extreme service conditions.

75W 140 (1 quart)	07 51 0 395 257

12] BMW Super Synthetic Gear Oil
Recommended for all BMW motorcycles after 1970. High performance synthetic provides high load carrying characteristics, minimum foaming, and exceptional resistance to thermal degradation. Exclusive chemistry reduces internal friction and enhances power output under extreme service conditions.

75W 90 GL-5 (12qt. case)	07 51 0 394 082

13] Mineral Oil Clutch Fluid, R 1200 GS

2 ounces	07 51 0 398 494
500cc	07 51 0 398 495

HARDWARE AND TOOLS

1] 5 Pole Shop Gel Battery Charger

Simultaneously charge and/or maintain up to five batteries at a time. Approved and designed for BMW sealed gel batteries, it will also charge and maintain older 'flooded' lead-acid batteries. Spark free; you cannot 'short out' or damage the battery or charger if the clips touch each other. Charger delivers two amps per output pole during the bulk charging period, tapering off to maintenance-level charging as the battery reaches a fully charged state. Safety timer automatically tapers the charge to maintenance level after 72 hours. Fan cooled. One 25-foot charger lead extension cord included. The BMW five-pole charger is the best choice for maintaining multiple batteries. *NOTE: 2005 and later disconnect the battery before charging.*

99 99 0 005 370

1

2] Sealed Gel Battery

Maintenance-free 19AH battery offers advantages over flooded lead-acid types. Standard equipment from December '02 production through motorcycle model year 2004. *NOTE: Older chargers made for charging 'flooded lead acid' batteries can damage sealed 'gel' batteries. Use only BMW charger specified for both 'gel' and 'flooded' batteries.*

61 21 2 346 800

2

3] Battery Charger

Programmed specifically for gel type batteries that were standard equipment on 2004 model year motorcycles. Will also safely charge older 'flooded' lead-acid batteries and newer AGM batteries. *Note 2005 and later disconnect the battery before charging.*

F 650/ST Socket Kit	61 13 2 319 167
Connector	61 13 8 060 106

6

6] U-Lock

Made from high-tensile steel for maximum protection against bolt cutters, or being pulled or twisted off or drilled open. Tensile strength factor up to eight tons. Special holder allows lock to be stored compactly in BMW cases.

71 60 2 340 153

7] Deluxe Tool Kit

Contains all the tools in the standard kit, plus additional high-quality tools: Wrenches, pliers, ratchets and sockets, tire gauge, screwdrivers and fuses too. Together with the standard tool kit included with your motorcycle, this selection of tools can perform nearly all emergency motorcycle repairs.

*** Electric Vest WARNING:** Do not wear the electric vest directly against your skin. The closer the vest is to the skin, the more heat will be felt. The vest's heat is transferred by conduction, so the closer to your skin you position it, the more heat will be felt. A shirt worn under the vest is required to avoid the possibility of burns. Careful attention must be paid to the routing of the cord. Make sure the cord does not chafe the fuel tank, side covers or any other part of the motorcycle. Before dismounting the motorcycle, always disconnect the switch cord at the accessory outlet. It is the user's responsibility to ensure the cord does not interfere with the safe operation of the motorcycle. Do not use heated garments on infants or persons either sensitive or insensitive to heat. To avoid the possibility of electric shock, do not wear the vest if it or any garments next to it are wet. Stop and disconnect the switch cord at the accessory outlet if the vest gets wet while riding. Do not attempt to repair or modify any electric vest. Doing so is dangerous and will void the warranty. If the vest fails to heat, check switch position and cord connection points. If the vest still does not heat, contact your BMW Motorrad USA Retailer for instructions.

8] MotoMan and MsMoto Long Sleeve Shirt

BMW Motorrad USA's own button-down offered in sizes cut specifically for men (including tall sizes) and for women. Rich khaki color with contrasting navy lining on collar and cuffs. BAGS

1] F 650 CS Backpack
Versatile nylon backpack can be mounted via two handles for use as a tank rucksack on the 650 CS, or worn by the rider. Ruggedly constructed in water resistant nylon with up to 12 liters of storage space, the backpack features additional pockets for storing smaller items such as mobile phones or maps. Imported.

46 63 7 667 783

2] Spacious Travel Bag
Reinforced, 90-liter capacity travel bag in heavy-duty water resistant polyester features two-way zippered pockets on top, side and both ends, fleece-lined helmet pouch with separate opening on one end and rubber-lined boot pouch with zippered opening on the other. Removable key case and combination lock for added security. Rubberized 'skate' wheels for smooth transportation. 'BMW Motorrad' embossed on side. Dimensions: 11.8" x 13.8" x 31.5" Imported.

Silver/Mandarin/Black 72 60 7 671 568

3] High-Speed Rucksack
Features an insert bag for the back protector that can be retrofitted. Preformed cover does not flap even at high speeds. Support belts ensure comfort, and waist and chest belts provide optimum fit. Embossed nylon. Dimensions: 18.9" x 12.2" and up to 4.7" Imported.

Black/Silver 72 60 7 653 320

4] Travel Bag
Practical and functional, this 70-liter-capacity bag features a separate compartment for boots, accessible from the outside, plus an internal compartment. Zippered closure provides easy access, and a snap hook on the inside holds a key securely. Dimensions: 13.8" x 13.8" x 25.2". Imported.

Silver/Mandarin/Black 72 60 7 671 569

5] Water Resistant Duffel Bag
This silver/black duffel features an innovative water resistant zipper that's uncomplicated and easy to use. Attach the bag to your bike via the two attached straps. Or, with its removable shoulder strap, you can carry the bag with you. Inside, a removable mesh pouch offers an ideal place for wet gloves or other similar items. The bag is designed to work with other BMW accessories, and may be combined with various inner bags and tank bags. Dimensions: 24.4" x 12.2". Imported.

Silver/black 72 60 7 653 818

6] Function Rucksack Backpack
Function, design and ergonomics: The lower, zippered section folds out when needed, with room for storing an extra helmet. Volume increases from 22 to 33 liters. Particular comfort is provided by the integrated, water resistant main storage compartment with impact-protected inner bag and breathable back area of padded material. Anthracite/Gray. Imported.

Anthracite/Gray 72 60 7 671 800

7] Backpack
Designed to complement the R 1200 CL, but can be used with all motorcycles. 42-liter capacity, 52-cm x 38-cm x 29-cm backpack features four outside two-way zippered pockets, water resistant main compartment, laptop attachment in main compartment, comfort padding on back with mesh fabric for ventilation. Pre-formed shoulder straps and an adjustable chest strap fit comfortably and securely. 'BMW Motorrad' embroidery on lid and back. Imported.

2] Motorcycles from Berlin 1969-1998
This book tells the story of how BMW continued to make motorcycling history after moving to Berlin and follows the development of BMW motorcycles up to current models. BMW motorcycle fans will find detailed information on their two-wheeled passion in this volume.

01 09 0 035 281

3] Motorcycles from Munich 1923-1969
Meticulously researched and beautifully illustrated, this book chronicles the roots of BMW's dedication to motorsports and the evolution of BMW Motorcycles.

01 09 0 035 256

4] BMW Engine
Two-Volume Luxury Edition
The History of Engines – Engines That Made History Vol.1, 1916-1945, and Vol. 2, 1945-2000, vividly portray the great achievements of the engineers chronicled in these volumes. Richly illustrated with photographs and design drawings, these books contain meticulously researched facts found only here. 860 pages in two volumes, this luxury edition features a premium linen-covered slipcase with quality metal stamping. (Please note: These editions are printed in English, though shown here in the German edition.)

01 09 0 027 478

5] Riders' Travel Journal
Essential gear for your next riding adventure. Document your travels including date, daily weather, riding partners, point of interest and gas use. Pack-size 5" x 7" spiral journal sports the BMW 'MotoMan' logo on a stiff cover. Included ballpoint pen slides easily into elastic band. Keep track with the Riders' Travel Journal.

GUGGENHEIM COLLECTION

Guggenheim Accessories

Capture the spirit of 'The Art Of The Motorcycle' with quality accessories that feature the Guggenheim event logo.

1] Special BMW Edition of The Art Of The Motorcycle

Special BMW Edition commemorates the major exhibition by the Solomon R. Guggenheim Museum in Las Vegas. Featuring nearly 100 spectacular bikes, this 446-page book surveys the landscape of motorcycle design and culture. Detailed descriptions highlight the innovative technical achievements and aesthetic merits of the motorcycle from its humble origins to the cutting-edge prototypes of the 21st century. Features essays on the motorcycle in film, fashion, popular culture and history. A unique 16-page prologue by David Robb, Chief Designer, BMW Motorcycles, chronicles the history of BMW Motorcycles.

99 99 0 000 447

2] 'The Art Of The Motorcycle' Pocket Mirror

Handy compact mirror stores easily in a jacket pocket or purse. Features 'The Art Of The Motorcycle' logo on cover. Magnified mirror on top and regular mirror on bottom.

99 99 0 000 432

3] Guggenheim Motorcycle Cap

Finest brushed cotton twill cap featuring 'The Art Of The Motorcycle, 2001, Las Vegas, Nevada, Guggenheim' embroidered in white on front and 'Sponsored by BMW Motorcycles' in white on back. Cap has embroidered eyelets for ventilation and adjustable brass buckle snap closure on back. Imported. One size fits all.

Black 99 99 0 000 429

4] Guggenheim Event Polo Shirt

Finely crafted, 100 percent cotton piqué short-sleeve polo featuring 'The Art Of The Motorcycle, 2001, Las Vegas, Nevada, Guggenheim' embroidered on left chest, and 'Sponsored by BMW Motorcycles' on left sleeve. Domestic.

Unisex sizes:
XS-XXL. See sizing information on page 164.

Q BIKES

The BMW Q bikes owe their superior construction and performance to aerospace technology and BMW's long-standing heritage of vehicle engineering and design. A high-tech aluminum alloy creates a bicycle frame that is stronger and lighter than comparable steel frames, and makes the bikes exhilarating to ride and a pleasure to transport. These are the perfect bikes for spontaneous lifestyles, because they can be folded and easily stored in most car trunks. This 'foldability' doesn't compromise the bikes' exceptional durability, either. Oversized tubes and precision tube-joint forgings make for incredible torsional stiffness and durability, while cables are protected by internal routing.

Q6.S

There is no trail too mean, no ridge too rocky for the 27-speed Q6.S. This full-suspension bike is made of ultra-strong yet lightweight aluminum – built to take a pounding so you don't have to. The front Telelever suspension is a wonder of BMW ingenuity and design, the result of engineering cross-pollination with BMW motorcycle technology. The unique Telelever function virtually eliminates 'brake dive.' Because of this, the suspension's geometry is maintained at all times, improving handling stability under all conditions, especially under full braking. The result is a level of riding stability and comfort rarely achieved in the world of mountain biking.

18-inch (46-cm) frame 80 91 0 007 298
20-inch (50-cm) frame 80 91 0 007 299

Q6.S Features

- Full suspension.
- 27 speeds.
- High-tech lightweight alloy frame.
- Shimano® XTR components.
- 3 x 9 gear Rapid Fire gearshift.
- Louise disc brake from Magura.
- Telelever front suspension.
- Single-joint swinging arm for rear wheel.
- Steel springs front and rear for 3.94" (100 mm) of spring travel.
- Hydraulic-fluid dampers adjustable on their outward stroke.
- Adjustable suspension/damping.
- Collapsible folding mechanism.
- Front light and reflectors.
- 28.4-lb. overall weight.

Front and rear suspension provide almost 4 inches of travel.

Front suspension is handled by an efficient shock absorber/spring assembly. Fork tubes slide in low-resistance, non-binding stanchions.

Unique BMW Telelever front end limits 'brake dive.'

The folding mechanism is a hallmark of BMW bicycles.

Q BIKES

Q3.S

The 24-speed Q3.S is an incredibly versatile riding machine, moving from traffic to trails with ease. The Q3.S suspension has been optimized to minimize unwanted twisting, vibrations and wasted pedaling energy. Its front suspension also helps to prevent 'brake dive.' The telescopic front-suspension fork is cast of lightweight reinforced magnesium and features coil springs for sensitive response and MCU (micro-cellular urethane) elastomers for rebound control. With its oversized aluminum frame tubes and V-brakes, the Q3.S represents the pinnacle of high-quality yet affordable bicycle engineering.

18-inch (45-cm) frame	80 91 0 024 363
20-inch (49-cm) frame	80 91 0 024 364

Q3.S Features

- Front suspension.
- 24 speeds.
- High-tech lightweight alloy frame.
- Shimano® Alivo components.
- 3x8 gear Rapid Fire gearshift.
- Suntour MG81 fork.
- V-brakes front and rear.
- Vuelta Airline USA black rims.
- Selle Bassano saddle.
- Collapsible folding mechanism.
- Front and rear reflectors.
- 32-lb. overall weight.

Q BIKES

18-Speed
Available in five sizes,
for riders 5' 3.5" to 6' 5" tall.
17.2 lbs overall weight
Alloy handlebars
Ultralight aluminum frame
with original BMW tubular
design for a unique ride.
Profile AC carbon fork
Mavic Ksyrium rims and hubs
Shimano Dura Ace drivetrain
BMW.Williams F1 racing colors
Continental GP Supersonic black tires

Q8.R

This exclusive, high-tech Q8.R street racer ushers in yet another chapter in BMW engineering. As is fitting for part of the BMW.Williams F1 Team Collection, the BMW Q8.R is suitable for competition. Its unique ride is due in part to an ultra-lightweight, tubular aluminum frame which offers extreme torsional rigidity – in five sizes for a precise rider fit. The full carbon fork adds strength and shaves weight; Shimano Dura Ace shifter and Mavic Ksyrium wheels yield top-quality performance. All this, in a paint scheme that echoes the unmistakable colors of the BMW.Williams F1. For the serious BMW race enthusiast, there has never been a better choice.

STREET CARVER

StreetCarver Bag Wheel Detail

BMW StreetCarver
Experience an incredible departure in the world of skateboarding. The BMW StreetCarver excels at the 'longboard' style of linked downhill turns combined with an unbelievable willingness to 'set an edge,' cut back, and quickly change direction, all while offering a plush and stable ride at any speed! It achieves this high level of performance thanks to a unique 'ride response system' based on BMW 5 Series pendulum support engineering. Not a toy, this high-tech sports equipment is not just for kids, but suitable for larger riders as well. The 36-inch (overall) skateboard features a concave, fiberglass laminate flex-deck with non-slip covering and 2.5-inch mag wheels with BMW 110x50 R55 rubber tires for tenacious high-speed grip. Experience the thrill of surfing and snowboarding – on pavement! *Warning: Reduce the risk of serious injury and use only while wearing full protective gear – helmet, wrist guards, elbow and knee pads. Do not use skateboard on streets or roads with vehicular traffic.*

Blue/black 80 93 0 140 513

Replacement Board
33-inch fiberglass laminate construction with powerful flex characteristics and concave cross-section for perfect control.

80 93 9 418 144

Wheel Bearings
Pair of high-speed sealed bearings for StreetCarver wheels.

80 93 0 151 575

StreetCarver Tire
Easy to replace rubber 110 x 50 R55 tire and red nylon inner core with integral wear-indicator strip. Designed and manufactured in Germany specifically for the BMW StreetCarver.

80 93 9 418 143

StreetCarver Bag
Wheeled bag allows you to easily transport your StreetCarver and is suitable as checked baggage on airlines.

80 93 0 149 216

The BMW Roundel: A Worldwide Commitment to Quality

The BMW Roundel signifies advanced technology, intelligent design and superb functionality in every product BMW makes for the motorcycle rider – whether it be the motorcycle itself, the parts that keep it running, accessories or Riders' Gear. The BMW Roundel is a guarantee of excellence.

Limited Warranty for BMW Motorrad Accessories

BMW of North America, LLC, (hereafter "BMW NA") warrants BMW Motorrad Accessories that are distributed by BMW NA and purchased from an authorized BMW Motorcycle Retailer in the U.S. against defects in materials and workmanship for 12 months after the date of the retail purchase. This warranty does not apply to any product that has been subject to misuse, neglect or accident, nor to products which have been altered or repaired by anyone other than BMW NA or an authorized BMW Motorcycle Retailer or when not cared for consistent with limited warranty provisions.

To obtain service under this warranty, the defective product must be presented to an authorized BMW Motorcycle Retailer with the original sales invoice showing the purchase date and BMW part number. The BMW Motorcycle Retailer will repair and/or exchange the item free of charge. The decision to repair or exchange the item(s) is the sole prerogative of BMW NA. Items for which exchanges are made will become the property of BMW NA.

BMW NA makes no other warranty express or implied on this product. BMW NA hereby excludes incidental and consequential damages, including loss of time, any inconvenience or loss of use of the product, as a result of any breach of any express or implied warranty that may be applicable to this product.

To find out more about BMW Motorrad Accessories contact your authorized BMW Motorrad USA Retailer or log on to www.bmwmotorradusa.com.

BMW Motorrad Motorcycle Ownership – The Complete Package

Motorcycling can best be enjoyed when the rider and machine function as one. Therefore, the riding accessories provided by BMW can significantly enhance your enjoyment of your BMW motorcycle. BMW NA and BMW Financial Services NA, LLC (hereafter "BMW FS") offer an array of programs that allow you to begin the adventure quickly and safely.

It's your choice!

Motorcycle Financing

BMW FS leads the industry in many financing programs for new and pre-owned motorcycles. Rates and terms are so competitive, you are likely to be pleasantly surprised.

Owners Choice Program

The Owners Choice program provides the low monthly payments of a lease, with the choice of refinancing, full repayment, or return of the motorcycle after the specified period.

BMW Riders' Gear

BMW FS will finance up to $1,500 in original BMW Riders' Gear with the purchase of a new BMW motorcycle. This includes complete suits, boots, gloves, etc.

Financing Accessory Purchases

BMW FS will finance all original BMW technical accessories installed with the purchase of a new BMW motorcycle. This includes saddlebags, top boxes, heated handgrips, windshields, tank bags, alarm systems, etc. Visit your local BMW Motorcycle Retailer for additional details.

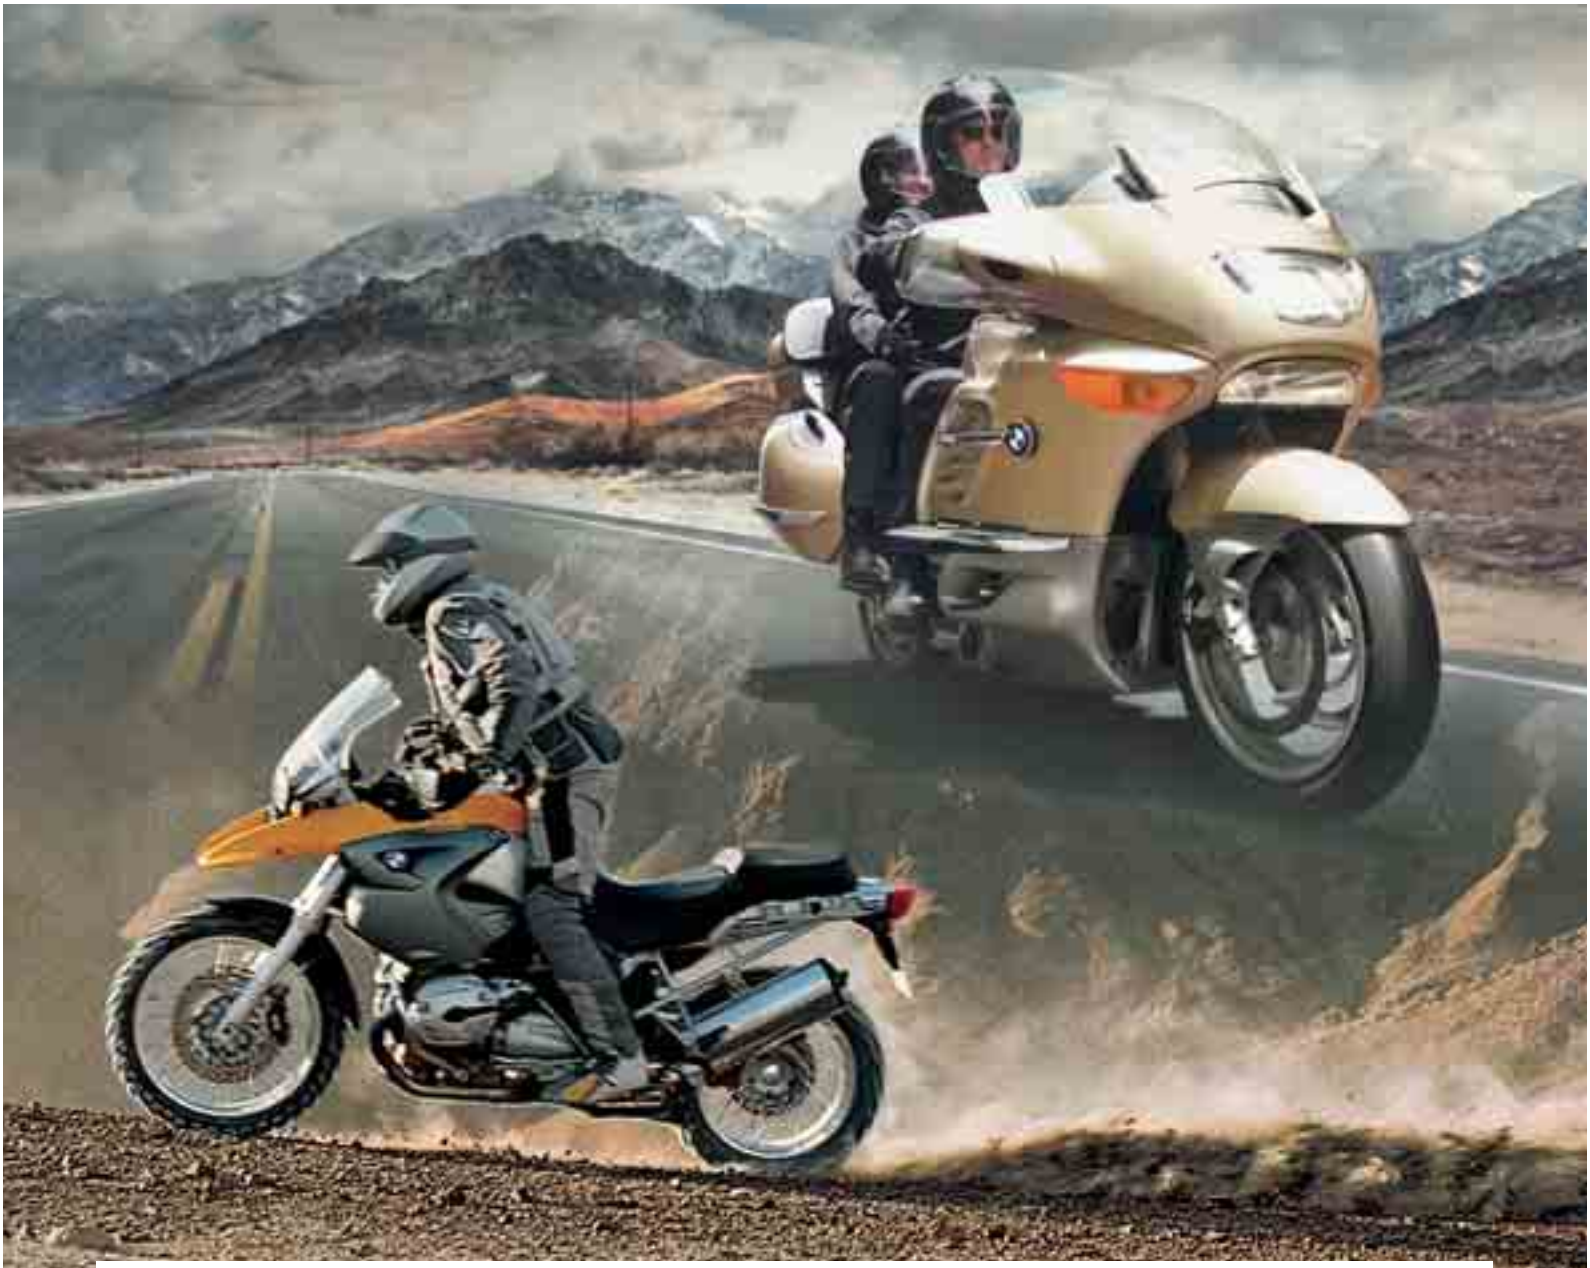
Please consult your authorized BMW Motorcycle Retailer for complete details on any of the preceding plans available through BMW Financial Services NA, LLC. Restrictions and conditions apply.

Retailer Installed Accessories, Over the Counter, BMW Retailer Installed Parts

Sold/Installed **on or after 4/1/2003** the part will be warranted for the balance of the new motorcycle warranty period, or 2 years from its date of installation, **whichever is greater**.

Sold/Installed **before 4/1/2003** the part will be warranted for the balance of the new motorcycle warranty period, or 1 year from its date of installation, whichever is greater.

Retailer installed original BMW accessories installed prior to the delivery to the customer will carry the new motorcycle warranty. If installed after the delivery to the customer they will carry the 1 or 2 year parts warranty as described above. Also if the retailer installed accessory is removed from the original BMW motorcycle on which it was installed the coverage will revert to the 1 or 2 year parts warranty, again depending on the original installation date.



Welcome to the world of BMW Motorrad
